# WELCOME TO 2026

At ECHO, dependability isn't just a promise — it's our legacy. For more than 50 years, professionals and homeowners alike have trusted our tools to deliver the power, performance, and durability they need to get the job done right.

From gas-powered equipment to our growing battery lineup, every ECHO tool is built with purpose — engineered to perform, designed to last, and ready when you are. With over 200 professional-grade solutions, we're proud to support the work that shapes our landscapes and communities.

Thank you for making ECHO your tool of choice.

Harold Redman  
President and CEO  
ECHO Incorporated

# POWERFUL. LIGHTWEIGHT. GREATER PRODUCTIVITY.

## THE MOST POWERFUL COMMERCIAL OUTDOOR POWER EQUIPMENT

ECHO'S lineup of the best-in-class products, engineered to help professionals tackle the toughest jobs with ease.

A full arsenal of gas and battery-powered equipment to maximize productivity and efficiency on any job.

ECHO X Series products are backed by industry-leading warranty as a sign of superior quality and reliability.

## PRODUCT ICONS

See below for enhanced explanations of select product feature icons throughout the catalog.

**Forestry:** Harvesting replanted trees for production of wood, pulp, and paper, or the removal of native wood for construction and production of products.

**Infrastructure:** Daily property maintenance and the landscaping of grounds involving parks, resorts, highways, and government/educational properties.

**Agriculture:** Maintaining property associated with farming, producing crops and raising livestock.

**Gardening:** Maintenance of green areas, gardens, and smaller sized acreage.

G-Force Technology uses the vacuum created by the flywheel to pull wood chips and saw dust out of the air filter during operation.

Powerful. Lightweight.  
Greater productivity.

**Automotive filtration**

**Spring assist starter**

**Spread pattern**

**2-stage filtration**

**Reduces starting effort by 30%**

**On-board detergent tank**

**Electric start**

**Low noise**

**Siphon hose**

# 56V BATTERY-POWERED

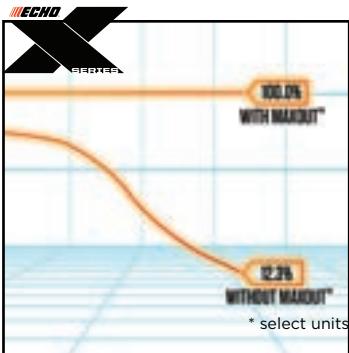

The ECHO Battery System™ delivers the power professionals demand with the convenience today's users expect. Built with proprietary technology and the same high-quality components as our gas tools, it outperforms the competition in durability, run time, and performance.

Every tool in the lineup runs on the same 56V platform — giving you seamless compatibility, less downtime, and the confidence to tackle any task with one battery system.

## eCM Technology®

ECHO's proprietary battery management system regulates temperature, charging, and discharging to maximize performance and extend battery life.

## MAXOUT® Technology

Exclusive to ECHO X Series 56V tools, MAXOUT® Technology delivers constant, full power from start to finish—no drop-off, no compromise. While others fade as the battery drains, MAXOUT® keeps performance at its peak, just like gas. 100% power, 100% of the time.

## Dedicated Trimmers

### DSRM-225

The DSRM-225 offers gas-like power and precise control with its top-mounted motor and durable carbon fiber shaft.

- Speed-Feed® 400 Trimmer Head reloads in seconds without disassembly
- Carbon fiber shaft for lightweight durability
- Easy-view LED grip display to monitor battery level and speed
- Cushion grip front handle for added comfort and control

Battery (Amp hour) .....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)*	<b>Up to 50</b>
Weight with Battery kg (lbs.)	<b>5.74 (12.65)</b>
Cutting Head: .....	<b>Speed-Feed® 400</b>
Cutting Swath cm (in.).....	<b>35-40 (14-16)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

### DSRM-2100

The DSRM-2100 Straight-Shaft Trimmer offers quiet operation, convenience and performance, making it ideal for cutting grass in residential areas.

- Speed-Feed® 400 Trimmer Head reloads in seconds without disassembly
- 2 speed settings provide adjustable power for every task
- Lightweight build for easy maneuverability
- Cushion grip front handle for added comfort and control

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah (min)*	<b>Up to 28</b>
Weight with Battery kg (lbs.)	<b>4.85 (10.7)</b>
Cutting Head: .....	<b>Speed-Feed® 400</b>
Cutting Swath cm (in.).....	<b>35-40 (14-16)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

### DSRM-2600

The DSRM-2600 Straight-Shaft Trimmer is built for professionals, offering consistent power with MAXOUT® technology that ensures maximum output for the life of the battery charge.

- MAXOUT® Technology delivers maximum output
- 3 speed settings provide adjustable power for every task
- Increased torque for more cutting power on tough weeds

Battery (Amp hour) .....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)*	<b>Up to 54</b>
Weight with Battery kg (lbs.)	<b>5.3 (11.8)</b>
Cutting Head: .....	<b>Speed-Feed® 400</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

## Dedicated Trimmers

### DSRM-2600U

The DSRM-2600U Brushcutter boosts productivity with its lightweight, ergonomic design and ECHO's trusted power, perfect for tackling tall weeds and grasses.

- MAXOUT® Technology delivers maximum output
- 3 speed settings provide adjustable power for every task
- Increased torque for more cutting power on tough weeds

Battery (Amp hour) .....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)*	<b>Up to 54</b>
Weight with Battery kg (lbs.)	<b>6 (13.35)</b>
Cutting Head: .....	<b>Speed-Feed® 400</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

## Pro Attachment Series™

### DPAS-2100SB

The DPAS-2100SB, equipped with a Speed-Feed® 400 Trimmer Head, easily connects to 15 attachments, ensuring you have the versatility needed for any job.

- Hi/Lo speed settings for optimized cutting and battery life
- Lightweight with overmolded handle grip for greater comfort
- Accepts 15 ECHO PAS attachments for incredible versatility

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah (min)*	<b>Up to 28</b>
Weight with Battery kg (lbs.)	<b>4.85 (10.7)</b>
Cutting Head: .....	<b>Speed-Feed® 400</b>
Cutting Swath cm (in.).....	<b>35-40 (14-16)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

### DPAS-2100

The DPAS-2100 is the perfect all-in-one for homeowners, offering versatility with one powerhead and 15 attachments, reducing the need for multiple tools.

- Increased torque for superior cutting performance
- Variable-speed trigger for ultimate power control
- Accepts 15 ECHO PAS attachments for incredible versatility

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah (min)*	<b>Up to 28</b>
Weight with Battery kg (lbs.)	<b>4.39 (9.7)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

## Pro Attachment Series™

### DPAS-225

**NEW**

The DPAS-225 is the ideal choice for longer runtime, greater balance, and seamless operation. The easy-view LED display lets users instantly check speed settings and battery charge.

- LED grip display provides at-a-glance view of speed setting and battery charge status
- Adjustable angle front handle with rubber overmold for optimized balance and easy operation
- Rear powerhead guard provides extra durability to protect powerhead

Battery (Amp hour) ..... **5.0**  
 Avg. Run Time w/ 5.0Ah (min)\* .. **Up to 51**  
 Weight w/ Battery kg (lbs.) **6.26 (13.8)**

**16 TOOLS  
IN ONE!**

\*Depending on battery size, charge level, cutting swath, and operating conditions.

### DPAS-225SB

**NEW**

Designed for convenience and performance, the ECHO DPAS-225SB delivers more power, versatility, and ease. Accepting up to 16 attachments and featuring the Speed-Feed® 400 trimmer head, it's built for homeowners who want professional-level results and effortless yard care.

- Versatility with up to 16 different attachments
- LED grip display provides at-a-glance view of speed setting and battery charge status
- Adjustable angle front handle with rubber overmold for optimized balance and easy operation
- Rear powerhead guard provides extra durability to protect powerhead

Battery (Amp hour) ..... **5.0**  
 Avg. Run Time w/ 5.0Ah (min)\* .. **Up to 56**  
 Weight w/ Battery kg (lbs.) **6.12 (13.5)**  
 Cutting Head: ..... **Speed-Feed® 400**  
 Cutting Swath cm (in.) ..... **43 (17)**

**16 TOOLS  
IN ONE!**

\*Depending on battery size, charge level, cutting swath, and operating conditions.

### DPAS-2600

The DPAS-2600 Powerhead features a tool-less, quick-change coupler for fast swaps between up to 16 attachments, offering powerful performance and versatility.

- MAXOUT® Technology delivers maximum output
- Increased torque for superior cutting performance
- Variable-speed trigger for ultimate power control
- Accepts all 16 ECHO PAS attachments for incredible versatility

Battery (Amp hour) ..... **5.0**  
 Avg. Run Time w/ 5.0Ah (min)\* ..... **Up to 52**  
 Weight with Battery kg (lbs.) ..... **4.39 (9.7)**

**16 TOOLS  
IN ONE!**

\*Depending on battery size, charge level, cutting swath, and operating conditions.

**DPAS-2600SB**  
**16 TOOLS  
IN ONE!**

## 16 WAYS TO ACHIEVE GREATNESS

Multiply your outdoor power equipment solutions with the Pro Attachment Series™. 16 different attachments add versatility to your equipment and expand what you can accomplish with your ECHO Battery System.

## Pro Attachment Series™

### DPAS-2600SB

The DPAS-2600SB delivers powerful performance and comes equipped with a Speed-Feed® 400 Trimmer Head. Swap between 16 PAS attachments with ease.

- MAXOUT® Technology delivers maximum output
- Increased torque for superior cutting performance
- Variable-speed trigger for ultimate power control
- Accepts all 16 ECHO PAS attachments for incredible versatility

Battery (Amp hour) .....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)* .....	<b>Up to 52</b>
Weight with Battery kg (lbs.)...	<b>5.7 (12.7)</b>
Cutting Head: .....	<b>Speed-Feed® 400</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

\*Depending on battery size, charge level, cutting swath, and operating conditions.

## Edgers

### DPE-2600

The DPE-2600 Curved-Shaft Edger combines power and lightweight design, cutting through dense dirt with ease. MAXOUT® Technology delivers consistent power for a professional finish.

- MAXOUT® Technology delivers maximum output
- 2:1 high-torque gear ratio for extra power on dense grass and brush
- 3 speed settings provide adjustable power for every task
- Cushion grip front handle for added comfort and control

Battery (Amp hour) .....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)* .....	<b>Up to 86</b>
Weight with Battery kg (lbs.)....	<b>6.3 (14.1)</b>
Blade Length cm (in.).....	<b>19.6 (7.75)</b>

\*Depending on battery size, charge level, and operating conditions.

## Trimmer & Blower Combo Kit

### DCP-BVRVS1B

56V Battery-powered combo kit featuring the DSRM-2100 trimmer and the DPB-2500 blower.

- 16 in. trimmer with Speed-Feed® 400 cutting head
- Blower with 2.5Ah battery delivers 526 CFM and 151 MPH performance

## Power Pruners®

### DPPF-2100

The DPPF-2100 delivers exceptional performance for pruning branches in hard-to-reach places from the ground. This efficient, smooth cutting Power Pruner® is perfect for the homeowner.

- Powerful brushless motor delivers gas-like performance
- Automatic, adjustable oiler extends bar and chain life
- Side-access chain tensioner for easy chain adjustments

Battery (Amp hour).....	<b>2.5</b>
Avg. Run Time w/2.5Ah* .....	<b>Up to 100 cuts</b>
Weight with Battery kg (lbs.)...	<b>5.85 (12.9)</b>
Bar Length cm (in.).....	<b>25.4 (10)</b>
Overall Length cm (in.).....	<b>243.84 (96)</b>

\*In 10cm. by 10cm. timber, depending on battery size, charge level, and operating conditions.

## Power Pruners®

### DPPT-2600H

The DPPT-2600H Power Pruner® offers top-tier pruning with a telescopic shaft and MAXOUT® Technology, ensuring maximum power throughout the battery charge.

- MAXOUT® Technology delivers maximum output
- Automatic, adjustable oiler extends bar and chain life
- Side-access chain tensioner for easy chain adjustments

Battery (Amp hour).....	<b>5.0</b>
Avg. Run Time w/5.0Ah* .....	<b>Up to 200 cuts</b>
Weight with Battery kg (lbs.).....	<b>7.4 (16.4)</b>
Bar Length cm (in.).....	<b>25.4 (10)</b>
Overall Length m (in.).....	<b>2.71-3.70 (107-146)</b>

\*In 10cm. by 10cm. timber, depending on battery size, charge level, and operating conditions.

## Shafted Hedge Trimmer

### DSHC-2600/DSHC-2600S

Built for pros, the DSHC-2600 Shafted Hedge Trimmer features MAXOUT® Technology for consistent power. The 21 in. RazorEdge® blades and 7° angle offer precise cuts, while the flanged front-grip and top-mounted motor provide gas-like performance.

- MAXOUT® Technology delivers maximum output
- 21 in. RazorEdge® blades cut faster with double-sided, double-reciprocating action
- 3 speed settings provide adjustable power for every task

Battery (Amp hour).....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)* .....	<b>.80</b>
Weight with Battery kg (lbs.)...	<b>5.85/5.62 (12.9/12.4)</b>
Blade Length m (in.).....	<b>53.3 (21)</b>
Shaft Length m (in.).....	<b>1.29 / 1.06 (51/42)</b>

\*Depending on battery size, charge level, and operating conditions.

## Handheld Pruning Saw

### DHS-3006

The DHS-3006 Handheld Pruning Saw delivers exceptional performance for pruning and small limbing tasks. The 6 in. 80TXL cutting system ensures clean and accurate results cut after cut.

- Powerful brushless motor delivers gas-like performance
- Built-in chain oil tank with automatic oiler extends bar and chain life
- Tool-free chain tensioner for easy chain adjustments

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah* .....	<b>Up to 120 cuts</b>
Weight w/ Battery kg (lbs) .....	<b>2.4 (5.3)</b>
Bar Length cm (in.) .....	<b>15.24 (6)</b>

\*In 4 in. by 4 in. timber, depending on battery size, charge level, and operating conditions.

## Rear Handle Chainsaw

### DCS-5000

Convenient and feature-packed, with the power to get the job done. Capable of 200 cuts\* on a single charge, the DCS-5000 harnesses the professional-grade power of the 56V ECHO Battery System™ for smooth, easy cuts and all-day performance

- Powerful brushless motor delivers gas-like performance
- Flip-lever oil cap allows for quick and easy refills
- Side-access chain tensioner for easy chain adjustments
- Metal bumper spike improves control and leverage

Battery (Amp hour) .....	<b>5.0</b>
Avg. Run Time w/5Ah* .....	<b>Up to 200 cuts</b>
Weight with Battery kg (lbs.) .....	<b>6.6 (14.6)</b>
Bar Length cm (in.) .....	<b>45 (18)</b>
Oil Capacity l (fl. oz.) .....	<b>0.22 (7.44)</b>

\*In 4in. by 4in. timber, depending on battery size, charge level, and operating conditions.

## Top Handle Chainsaws

### DCS-2500T/ DCS-2500TN

A compact, lightweight powerhouse perfect for high-climbing professionals. The DCS-2500T/TN is ultra-lightweight for maneuverability and MAXOUT® Technology for maximum performance.

- MAXOUT® Technology delivers maximum output
- Ultra lightweight design for easy maneuverability
- Clutch-driven adjustable oiler adapts to cutting conditions

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah* .....	<b>Up to 60 cuts</b>
Avg. Run Time w/2.5Ah* .....	<b>Up to 70 cuts</b>
Weight with Battery kg (lbs.) .....	<b>3.3 (7.3)</b>
Bar Length cm (in.) .....	<b>30 (12)</b>
Oil Capacity L (fl. oz.) .....	<b>0.12 (4.1)</b>

\*In 10cm. by 10cm. timber, depending on battery size, charge level, and operating conditions.\*Average run time on DCS-2500TN in 4in. by 4in. timber, depending on battery size, charge level, and operating conditions

## Hedge Trimmers

### DHC-2200/DHC-2800

The DHC-2200 and DHC-2800 Hedge Trimmers offer commercial-grade power and durability in a lightweight design

- MAXOUT® Technology delivers maximum output
- Double-sided, double-reciprocating RazorEdge® blades
- 5-position 180-degree rotating handle for increased maneuverability
- 4,600 blade strokes per minute for ultra-fast cuts

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah (min)* .....	<b>Up to 60</b>
Weight with Battery kg (lbs.) .....	<b>3.9/4.1 (8.6/9.08)</b>
Blade Length cm (in.) .....	<b>56.2/71.4 (22/28)</b>

\*Depending on battery size, charge level, and operating conditions.

### DHCS-2800/DHCS-3400

The DHCS-2800 and DHCS-3400 Hedge Trimmers are durable yet lightweight, with a high-efficiency motor and debris sweeper for precise trimming and easy cleanup.

- MAXOUT® Technology delivers maximum output
- Single-sided, double-reciprocating RazorEdge® blades
- 4,600 blade strokes per minute for ultra fast cuts
- Full-length debris sweeper for reduced cleanup time

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/5.0Ah (min)* .....	<b>Up to 60</b>
Weight with Battery kg (lbs.) .....	<b>3.8/4 (8.5/9.0)</b>
Blade Length cm (in.) .....	<b>71.4/86.3 (28/34)</b>

\*Depending on battery size, charge level, and operating conditions.

### DHC-2300

The 56V DHC-2300 Hedge Trimmer delivers 53 strokes per second for fast, precise, and effortless trimming.

- 22 in. double-sided blades for more productivity
- 3,200 blade strokes per minute for ultra fast cuts
- 11 in. cutting capacity for heavy use

Battery (Amp hour) .....	<b>2.5</b>
Avg. Run Time w/2.5Ah (min)* .....	<b>Up to 88</b>
Weight with Battery kg (lbs.) .....	<b>4.31 (9.15)</b>
Blade Length cm (in.) .....	<b>55.88 (22)</b>

\*Depending on battery size, charge level, and operating conditions.

## Handheld Blowers

### DPB-2500

Battery-powered blower delivers 549 CFM at 158 MPH for pro-grade performance where gas is restricted.

- Variable-speed throttle with cruise control for efficiency and precision
- Dual air intakes allow left or right-handed use

#### Optional Blower

#### Shoulder Strap

**Part#: 99944100030**

Battery (Amp hour) .....	<b>2.5 or 5.0</b>
Avg. Run Time w/2.5Ah (min) <sup>1</sup> .....	<b>9<sup>2</sup>/15<sup>4</sup>/90<sup>1</sup></b>
Weight with Battery w/2.5Ah kg (lbs.) .....	<b>3.49 (7.7)</b>
Avg. Run Time w/5.0Ah (min) <sup>1</sup> .....	<b>18<sup>2</sup>/30<sup>4</sup>/180<sup>1</sup></b>
Weight with Battery w/5.0Ah kg (lbs.) .....	<b>4.3 (9.5)</b>

<sup>1</sup>Per ANSI B175.2-2012. <sup>2</sup>On low-speed setting, depending on battery size, charge level, and operating conditions. <sup>3</sup>On turbo mode. <sup>4</sup>With 5.0Ah battery. <sup>5</sup>On high-speed setting.

<sup>1</sup>Per ANSI B175.2-2012. <sup>2</sup>On low-speed setting, depending on battery size, charge level, and operating conditions. <sup>3</sup>On turbo mode. <sup>4</sup>With 5.0Ah battery. <sup>5</sup>On high-speed setting.

## Backpack Blowers

### DPB-5800T

Delivering up to 795 CFM and 195 MPH, the DPB-5800T 56V Backpack Blower is perfect for homeowners and light commercial use. With three battery ports, it offers versatile, high-performance cleanup.

- Three battery ports for extended run time and flexible power options
- Variable-speed throttle with cruise control for efficiency and precision
- LED grip display for clear, accurate battery status
- Posi-Loc™ Tubes for secure, durable connection

### DPB-5900T

Delivering powerful 795 CFM airflow with durable design and extended runtime for tough jobs.

- MAXOUT® Technology delivers maximum power output
- Three battery ports for extended run time and flexible power options
- Variable-speed throttle with cruise control for efficiency and precision
- LED grip display for clear, accurate battery status

Battery (Amp hour) .....	<b>Two 5.0</b>
Avg. Run Time w/2 5.0Ah (min) .....	<b>35/20<sup>1</sup></b>
Weight with Battery w/2 5.0Ah kg (lbs.) .....	<b>10.66(23.5)</b>
Avg. Run Time w/3 5.0Ah (min) .....	<b>50/26<sup>1</sup></b>
Weight with Battery w/3 5.0Ah kg (lbs.) .....	<b>3.4 (27.5)</b>
Newton Blowing Force (N) .....	<b>25<sup>3</sup></b>
Max Air Speed kph (mph) <sup>1</sup> .....	<b>313.8 (195)<sup>2</sup></b>
Air Volume m <sup>3</sup> /min (CFM) <sup>1</sup> .....	<b>22.51 (795)<sup>3</sup></b>

<sup>1</sup>Depending on battery size, charge level, and operating conditions. Per ANSI B175.2-2012. <sup>2</sup>On turbo.

<sup>2</sup>With concentrator nozzle. <sup>3</sup>With two 5.0Ah batteries on turbo and without concentrator nozzle.

Battery (Amp hour) .....	<b>Three 8.0</b>
Avg. Run Time w/3 8.0Ah (min) .....	<b>55/40<sup>1</sup></b>
Weight w/ Battery w/3 8.0Ah kg (lbs.) .....	<b>14.6 (32.2)</b>
Newton Blowing Force (N) .....	<b>25<sup>3</sup></b>
Max Air Speed kph (mph) <sup>1</sup> .....	<b>313.8 (195)<sup>2</sup></b>
Air Volume m <sup>3</sup> /min (CFM) <sup>1</sup> .....	<b>22.51 (795)<sup>3</sup></b>

<sup>1</sup>Depending on battery size, charge level, and operating conditions. Per ANSI B175.2-2012. <sup>2</sup>On low-speed setting, depending on battery size, charge level, and operating conditions. <sup>3</sup>With concentrator nozzle. <sup>4</sup>With three 8.0Ah batteries on turbo and without concentrator nozzle.

## Backpack Blowers

### DPB-7700T

The DPB-7700T delivers 950 CFM with MAXOUT® Technology, 3 battery ports, and pro-grade durability.

- Three battery ports for extended run time and flexible power options
- MAXOUT® Technology delivers maximum power output
- Variable-speed throttle with cruise control for efficiency and precision
- LCD grip display for clear, accurate battery status

Battery (Amp hour) .....	<b>Three 8.0</b>
Avg. Run Time w/3 8.0Ah (min) .....	<b>24<sup>1</sup>/50</b>
Weight w/ Battery w/3 8.0Ah kg (lbs.) .....	<b>16.9 (37.4)</b>
Newton Blowing Force (N) .....	<b>36<sup>1</sup></b>
Max Air Speed kph (mph) <sup>1</sup> .....	<b>354 (220)<sup>2</sup></b>
Air Volume m <sup>3</sup> /min (CFM) <sup>1</sup> .....	<b>26.9 (950)<sup>3</sup></b>

<sup>1</sup>Depending on battery size, charge level, and operating conditions. Per ANSI B175.2-2012. <sup>2</sup>On high speed. <sup>3</sup>On high speed with concentrator nozzle. <sup>3</sup>With three 8.0Ah batteries on high speed and without concentrator nozzle.

## Walk Behind Mowers

### DLM-2100

Ideal for yards up to 1/3 acre, the DLM-2100 Push Lawn Mower, powered by the 56V ECHO Battery System™, delivers hassle-free mowing with legendary ECHO power.

- Auto switch dual-battery system for less downtime
- 3-in-1 discharge system for customized lawn care with mulching, bagging, or side discharge
- Easy fold handles for quick, compact storage

Battery (Amp Hour) .....	<b>5.0</b>
Avg. Run Time w/5.0Ah (min)* .....	<b>Up to 70</b>
Cutting Width cm (in.) .....	<b>53.34(21)</b>
Cutting Height cm (in.) .....	<b>2.5- 10.16 (1-4)</b>

\*Depending on battery size, charge level, and operating conditions.

**Side Discharge Chute**  
Part#: YH479002480

### DLM-2100SP

The DLM-2100SP Self-Propelled Mower provides effortless and efficient mowing. With an auto-switch dual-battery dock, 3-in-1 clippings discharge system and a large 21-in. cutting deck, it makes cuts without compromise.

- Auto switch dual-battery system for less downtime
- 3-in-1 discharge system for customized lawn care with mulching, bagging, or side discharge
- Self-propelled drive reduces push effort for easier mowing
- Easy fold handles for quick, compact storage

# BATTERIES & CHARGERS

The ECHO Battery System™ features high-capacity lithium-ion batteries with built-in charge indicators for quick, at-a-glance status checks. Available in three sizes, each battery includes exclusive eCM Technology® to manage heat, charge, and discharge for longer life and consistent performance. All batteries work with all 56V chargers, delivering unmatched versatility and convenience.

## CHARGE TIMES (MIN)

BATTERY	LC-56V4A6	LC-56V5A2	LC-56V4A	LC-56V2A	LC-56V1A
2.5Ah - LBP-56V125	38	38	38	75	150
5.0Ah - LBP-56V250	48-75	48-75	75	150	300
8.0Ah - LBP-56V400	60-120	60-100	120	225	480

### Batteries

#### 56V 2.5Ah Battery

- 2.25 lbs., 126 watt-hours
- Part#: **LBP-56V125**

### Chargers

**NEW**

#### 6-Port Rapid Field Charger

- Simultaneous charging of up to (6) ECHO 56V Batteries
- On-board LED diagnostics to monitor charge status
- Locking lid keeps batteries safe and secure
- Heavy-duty wheels and a folding handle for easy portability
- Optional trailer/wall mount for added security (sold separately)
- Part#: **LC-56V4A6**

#### 56V 5.0Ah Battery

- 4.05 lbs., 252 watt-hours
- Part#: **LBP-56V250**

#### 56V Dual Port Rapid Charger

- Simultaneously rapid charge 2 batteries
- Ultra-rapid charging when used with just one battery
- On-board LED diagnostics
- 1 USB-A and 1 USB-C port
- Optional wall mount
- 6 ft. cord length for convenient charging
- Part#: **LC-56V5A2**

#### 56V Rapid Charger

- 2X faster than standard charger
- On-board LED diagnostics
- Optional wall mount
- 6 ft. cord length for convenient charging
- Part#: **LC-56V4A**

#### 56V 8.0Ah Battery

- 5.6 lbs., 402 watt-hours
- Part#: **LBP-56V400**

#### 56V Standard Charger

- On-board LED diagnostics
- Optional wall mount
- 6 ft. cord length for convenient charging
- Part#: **LC-56V2A**

#### 56V Top Mount Charger

- On-board LED diagnostics
- 6 ft. cord length for convenient charging
- Part#: **LC-56V1A**

# CHAINSAWS

Trusted by tree care professionals worldwide, ECHO top- and rear-handle chainsaws deliver superior power and smooth operation. Professional-grade 2-stroke engines provide durable performance and fast, reliable starts with advanced ignition systems. Standard commercial features include vibration reduction, automatic oilers, and inertia chain brakes for maximum safety and efficiency.

## SUGGESTED ARBORIST SAW APPLICATION

Arborist saw models for use by professionals only.

GENERAL PRUNING AND CLEANUP

HEAVY-DUTY CUTTING, FIREWOOD

### Arborist Chainsaws

#### CS-2511T/CS-2511TN

**NEW**

Lightweight construction with oversized power. The top-handle CS-2511T is in a class of its own, ideal for arborists who need sky-high performance in sky-high places. The CS-2511TN uses the 80TXL cutting system for reduced vibration and superior cutting performance for professional arborists.

- Lightweight construction with oversized power
- Choke with automatic fast idle for easy starting
- Automatic, adjustable oiler extends bar and chain life

Engine cc .....	25
Weight kg (lbs.) .....	2.3 (5.2)
Bar Lengths cm (in.) .....	30,35 (12,14)
Fuel Capacity L (fl. oz.) .....	0.19 (6.4)
Oil Capacity L (fl. oz.) .....	0.14 (4.7)

## Arborist Chainsaws

### CS-2511P/CS-2511PN

The world's lightest rear-handle chainsaw features the industry's best power-to-weight ratio, ensuring a long day of work isn't more exhausting than it needs to be. The CS-2511PN uses the 80TXL cutting system for reduced vibration and superior cutting performance

- Lightweight construction with oversized power
- Choke with automatic fast idle for easy starting
- Automatic, adjustable oiler extends bar and chain life

Engine cc.....	<b>25</b>
Weight kg (lbs.).....	<b>2.5 (5.7)</b>

Oil Capacity L (fl. oz.) .....	<b>0.13 (4.7)</b>

### CS-303T

Whether on the ground or in the tree, the top-handle CS-303T was made to meet the demanding needs of professional arborists. It starts easily and reliably, while smart design features ensure smooth, productive workdays.

- Heavy-duty air filter for longer engine life
- Purge bulb provides fresh fuel to carburetor for fast starts
- Automatic, adjustable oiler extends bar and chain life

Engine cc.....	<b>30.1</b>
Weight kg (lbs.).....	<b>3.5 (7.7)</b>
Bar Lengths cm (in.) .....	<b>30, 35 (12, 14)</b>
Fuel Capacity L (fl. oz.) .....	<b>0.25 (8.5)</b>
Oil Capacity L (fl. oz.) .....	<b>0.15 (5.1)</b>

### CS-355T

The CS-355T is ECHO's most powerful top-handle chainsaw combining professional-grade power with ergonomic, user-friendly features. It delivers all-day productivity without all-day exhaustion.

- Reduced-effort starting system for easier starts
- Heavy-duty air filter for longer engine life
- Automatic, adjustable oiler extends bar and chain life

Engine cc.....	<b>35.8</b>
Weight kg (lbs.).....	<b>3.6 (7.9)</b>
Bar Lengths cm (in.) .....	<b>35 (14)</b>
Fuel Capacity L (fl. oz.) .....	<b>0.33 (11.2)</b>
Oil Capacity L (fl. oz.) .....	<b>0.24 (8.2)</b>

### Rear Handle Chainsaws

#### CS-3520

The ECHO CS-3520 rear-handle chainsaw is the lightest gas-powered chainsaw in its class. Its lightweight design reduces user fatigue on long workdays.

- 34.4 cc professional-grade, 2-stroke engine
- ES starter reduces starting effort by 30%
- Momentary stop switch returns to "ON" for quicker restarts

Engine cc.....	<b>34.4</b>
Weight kg (lbs.).....	<b>3.6 (7.9)</b>
Bar Lengths cm (in.).....	<b>40 (16)</b>
Fuel Capacity L (fl. oz.).....	<b>0.28 (9.5)</b>
Oil Capacity L (fl. oz.).....	<b>0.23 (7.8)</b>

#### CS-353ES

The CS-353ES combines a 34.0 cc professional-grade 2-stroke engine with durable construction for reliable performance on tough jobs. Its vibration-reduction system enhances operator comfort, making extended use easier and more efficient.

- Automatic clutch-driven oiler
- Vibration-reduction system
- Tool-free easy access air filter

Engine cc.....	<b>34</b>
Weight kg (lbs.).....	<b>4.0 (8.8)</b>
Bar Lengths cm (in.).....	<b>35 (14)</b>
Fuel Capacity L (fl. oz.).....	<b>0.25 (8.5)</b>
Oil Capacity L (fl. oz.).....	<b>0.26 (8.8)</b>

## Rear Handle Chainsaws

### CS-420ES

General, mid-range chainsaw that's perfect for routine jobs around the farm or any professional worksite.

- Dual-post chain brake for extra durability
- Inertia-type chain brake for safety
- Tool-less air filter cover for easy access
- Automotive-style air filter for superior filtration
- G-Force engine Air Pre-Cleaner™ for reduced air filter maintenance

Engine cc.....	<b>40.2</b>
Weight kg (lbs.).....	<b>4.6 (10.1)</b>
Bar Lengths cm (in.).....	<b>40, 45 (16, 18)</b>
Fuel Capacity L (fl. oz.).....	<b>0.41 (13.9)</b>
Oil Capacity L (fl. oz.).....	<b>0.28 (9.5)</b>

### CS-4510

Whether the work calls for medium-duty cleanup or bucking loads of firewood, the CS-4510 delivers power and performance for the long haul.

- Spring-assist starter for easier starts
- Heavy-duty air filter with tool-free access for easy maintenance
- Three-point vibration reduction system enhances comfort and control

Engine cc.....	<b>45.0</b>
Weight kg (lbs.).....	<b>5.0 (11)</b>
Bar Lengths cm (in.).....	<b>40, 45 (16, 18)</b>
Fuel Capacity L (fl. oz.).....	<b>0.48 (16.2)</b>
Oil Capacity L (fl. oz.).....	<b>0.33 (11.1)</b>

### CS-510

Powerful professional chainsaw ideal for most applications.

- Dual-post chain brake for extra durability
- Tool-less air filter cover for easy access
- Automotive-style air filter for superior filtration
- Vibration-reduction system for reduced effort

Engine cc.....	<b>49.3</b>
Weight kg (lbs.).....	<b>4.9 (10.8)</b>
Bar Lengths cm (in.).....	<b>45, 50 (18, 20)</b>
Fuel Capacity L (fl. oz.).....	<b>0.60 (20.3)</b>
Oil Capacity L (fl. oz.).....	<b>0.28 (9.5)</b>

### CS-590

The icon. The CS-590 is a productivity powerhouse for farm and ranch tasks and tree felling. A lightweight, professional-grade 59.8 cc engine provides the confidence and performance needed to tame the toughest jobs.

- G-Force Pre-Cleaner™ extends air filter life and reduces maintenance
- Heavy-duty air filter with tool-free access for easy maintenance
- Automatic, adjustable oiler extends bar and chain life

Engine cc.....	<b>59.8</b>
Weight kg (lbs.).....	<b>6.0 (13.2)</b>
Bar Lengths cm (in.).....	<b>60, 70 (24,28)</b>
Fuel Capacity L (fl. oz.).....	<b>0.64 (21.8)</b>
Oil Capacity L (fl. oz.).....	<b>0.30 (10.1)</b>

## Rear Handle Chainsaws

### CS-620P

The CS-620 is a best-in-class professional saw for heavy clearing and logging. It features the Performance Cutting System™ and an aluminum handle for durability

- Professional-grade magnesium sprocket cover and crankcase increase durability
- G-Force Pre-Cleaner™ extends air filter life and reduces maintenance
- Heavy-duty air filter with tool-free access for easy maintenance

Engine cc.....	<b>59.8</b>
Weight kg (lbs.).....	<b>6.2 (13.7)</b>
Bar Lengths cm (in.).....	<b>50, 60 (20, 24)</b>
Fuel Capacity L (fl. oz.).....	<b>0.64 (21.8)</b>
Oil Capacity L (fl. oz.).....	<b>0.30 (10.1)</b>

### CS-680S

When a paycheck depends on performance, the pros reach for the CS-680S. With 66.8 cc's of professional-grade ECHO power and available 20, 24 and 28 in. Performance Cutting System™ bar upgrades, it cuts the toughest jobs down to size.

- Performance Cutting System™ for faster, cleaner results
- Automatic, adjustable oiler extends bar and chain life
- Aluminum handle with rubber grip enhances comfort and control

Engine cc.....	<b>66.8</b>
Weight kg (lbs.).....	<b>6.6 (14.6)</b>
Bar Lengths cm (in.).....	<b>50, 60, 70 (20, 24, 28)</b>
Fuel Capacity L (fl. oz.).....	<b>0.63 (21.6)</b>
Oil Capacity L (fl. oz.).....	<b>0.37 (12.5)</b>

### CS-7310P

The CS-7310P chainsaw has the features arborists and loggers need to tackle tough jobs. Whether you're tree felling or firewood harvesting, the CS-7310P is powerful, durable, and ready to work as long as you do.

- Professional-grade magnesium sprocket cover and crankcase increase durability
- Four-stage air filtration system reduces maintenance
- Captive bar nuts prevent hardware loss for easier maintenance

Engine cc.....	<b>73.5</b>
Weight kg (lbs.).....	<b>6.7 (14.8)</b>
Bar Lengths cm (in.).....	<b>50, 60, 70, 80 (20, 24, 28, 32)</b>
Fuel Capacity L (fl. oz.).....	<b>0.80 (27.1)</b>
Oil Capacity L (fl. oz.).....	<b>0.36 (12.2)</b>

lp = Low Profile

The part numbers listed above (e.g. **91PXL52CQ**) include a two-or three-letter code that references the chain type. See detailed descriptions below.

## CHAIN TYPE: LOW-KICKBACK CHAIN

**PX** Low-vibration chamfer chisel chain cutters with ramped depth gauges, bumper drive links and standard sequence.

**BPX** Low-vibration chisel cutters with bumper drive links and standard sequence.

**PXL** Low-vibration semi-chisel cutter with ramped depth gauges, bumper drive links and longer top plate.

**TXL** Low-vibration micro-chisel cutters with ramped depth gauge and bumper drive-links.

## CHAIN TYPE: PROFESSIONAL CHAIN

**LPX** Round-ground chisel cutters with bumper drive links and standard sequence.

# CHAINSAW ACCESSORIES

## Chain Sharpening Files

Reference the chart on page 19 to find the correct size for your chain.

Part #	File Size (in.)	File Size (mm)	Description
99988801700	5/32	4.0	File, 2-Pack
99988801720	5/32	4.0	File (box of 12)

99988801801	20.3 (8)	Spiked	12
99988801804	20.3 (8)	Smooth	1
99988801805	20.3 (8)	Spiked	1

## Plastic Scabbard

Fits 30 to 50 cm in. bars.

**Part#: 99988801595** - Retail Pkg. of 1

**Part#: 89850308034** - Display Box of 12

## Stump Vise

**Part#: 99988801808**

## Palm Debris Guard (optional)

**Part#: 91209** - CS-355T

**Part#: A127000480** - CS-2511P/T

## ToughChest™ Chainsaw Cases

Does not fit CS-620PW, CS-7310P/PW, DCS-5000. Dimensions: 58.8 cm. (L) x 30.5 cm. (W) x 31.8 cm. (H) without scabbard.

**Part#: 99988801210** - ECHO saws up to 50 cm.

bar 95.9 cm. length with scabbard

**Part#: 99988801211** - ECHO saws up to 60 cm.

bar\* 104.1 cm. length with scabbard

\* Does not fit CS-590 with 60 cm. DOAS bar

## 50.8 cm. Chainsaw Carry Bag

Dimensions: 47 cm. (L) x 30.5 cm. (W) x 29.2 cm. (H).

Length with scabbard: 93.0 cm.

**Part#: 103942147**

## Small Chainsaw Case

Fits most small to medium-sized saws and ECHO saws up to CS-501P with an 18 in. bar. Length with scabbard: 86.4 cm.

Dimensions: 44.5 cm. (L) x 30.5 cm. (W) x 29.2 cm. (H).

**Part#: 99988801213**

## Chainsaw Chaps\*

Expandable 76.2 cm. - 106 cm. waist. Meets

OSHA standards for leg protection.

UL classified in accordance with

ASTM F1897-2014.

**Part#: 99988801300** - 91.4 cm. Apron design

**Part#: 99988801301** - 101.6 cm. long, Apron design

**Part#: 99988801302** - 91.4 cm. Full-wrap design

**Part#: 99988801303** - 101.6 cm. Full-wrap design

## Chainsaw Safety Kit\*

Includes chainsaw safety helmet system, safety glasses, work gloves (L), and professional apron style leg chaps. Length 91.4 cm.

**Part#: 99988801527**

## Chainsaw Gloves

Features two layers of Kevlar® on the back for cut resistance, and foam pads on the palm for vibration reduction. 100% goatskin leather.

**Part#: 99988801600** (M)

**Part#: 99988801601** (L)

**Part#: 99988801602** (XL)

**Part#: 99988801603** (XXL)

## Chainsaw Safety Helmet System

Noise reduction rating  
22 dB(A) rated.

**Part#: 99988801500**

### Replacement Parts:

**Part#: 99988801501** - Harness

**Part#: 99988801502** - Screen

**Part#: 99988801503** - Visor Frame

**Part#: 99988801504** - Ear Muffs

\*ECHO recommends the use of personal protective equipment when operating ECHO power equipment.  
Chainsaw chaps and pants may not provide the same level of protection with battery chainsaws as with gas chainsaws.

# BRUSHCUTTERS

Feel the high performance even under tough cutting conditions. ECHO's innovative line of professional-grade brushcutters offers exceptional power, comfort and stability with best-in-class fuel economy. With long-lasting Japanese engines and sturdy and dependable solid steel drives, ECHO provides brushcutters for professionals who demand long-lasting dependability in the harshest climates and terrain found throughout Latin America and the Caribbean.

Cutting Head:.....	<b>Speed-Feed® 500</b>
Cutting Swath cm (in.).....	<b>50 (20)</b>

### SRM-3605/U

With a solid steel drive shaft powered by a 34 cc professional-grade engine, the SRM-3605U will tackle the toughest of conditions with ease.

- Standard solid steel drive shaft
- Ergonomic and collapsible handle
- Ergonomic harness included

Engine cc.....	<b>34.0</b>
Weight kg (lbs.).....	<b>7.3 (16.1)</b>
Shaft Length cm (in.).....	<b>158.5 (62.4)</b>
Fuel Capacity L (fl. oz.).....	<b>0.86 (29.1)</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

### SRM-420ES/U

With ES start technology for easy starting in all conditions, a heavy duty air filter and an advanced vibration reduction system you'll power through tough jobs.

- Four-point anti-vibration system reduces vibration
- Features a heavy-duty two-stage air filtration system
- Ergo pro harness and flash hook up system for quick and easy attachment also comfortable applications

Engine cc.....	<b>41.5</b>
Weight kg (lbs.).....	<b>8.7 (19.2)</b>
Shaft Length cm (in.).....	<b>154 (61)</b>
Fuel Capacity L (fl. oz.).....	<b>0.69 (23.3)</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

## Straight Shaft

### RM-4300

The RM-4300 is the perfect choice when demanding applications call for easy handling and maneuverability. With engine weight carried on your back, brushcutting tasks, especially in uneven terrain, are easier to handle resulting in less operator fatigue.

- Professional harness design with padded straps for operator comfort
- Flexible cable driveshaft for better maneuverability
- Trigger type throttle for quicker acceleration and deceleration

Engine cc.....	<b>42.7</b>
Weight kg (lbs.).....	<b>7.8 (17.2)</b>
Solid Steel cm (in.).....	<b>129 (51)</b>
Fuel Capacity L (fl. oz.).....	<b>1.2 (40.5)</b>
Cutting Swath cm (in.).....	<b>40 (16)</b>

### SRM-4510/U

The SRM-4510 features an ergonomic, asymmetrical handle coupled with a rugged 45.7 cc engine to comfortably handle demanding applications and extra dense vegetation.

- Manufactured to provide greater performance and durability.
- Solid steel drive shaft
- Metal blade or cutting head available.
- Ergonomic handle.

Engine cc.....	<b>45.7</b>
Weight kg (lbs.).....	<b>8.7 (19.1)</b>
Shaft Length cm (in.).....	<b>150 (59)</b>
Fuel Capacity L (fl. oz.).....	<b>0.86 (29.1)</b>
Cutting Swath cm (in.).....	<b>40 (16)</b>

### SRM-4605/U

With a solid steel drive shaft and a powerful 45.7 cc professional-grade engine, the SRM-4605 has incredible throttle response and quick acceleration for handling tough environments with ease.

- Solid steel drive shaft
- Ergonomic handle
- Optional metal cutting blade or nylon-line head
- Collapsible handle

Engine cc.....	<b>45.7</b>
Weight kg (lbs.).....	<b>9.4 (20.7)</b>
Shaft Length cm (in.).....	<b>153 (60)</b>
Fuel Capacity L (fl. oz.).....	<b>0.95 (32.1)</b>
Cutting Swath cm (in.).....	<b>40 (16)</b>

### SRM-520ES/U

ECHO's most powerful brushcutter with the largest engine available. The SRM-520ES will handle the toughest environments but it will start with ease.

- Anti vibration feature that utilises a 4 point mounting system ensures low vibrations
- Heavy duty 2 stage air filter
- Ergo pro harness and flash hook up system for quick and easy attachment also comfortable applications

Engine cc.....	<b>50.2</b>
Weight kg (lbs.).....	<b>9.4 (20.7)</b>
Shaft Length cm (in.).....	<b>154 (61)</b>
Fuel Capacity L (fl. oz.).....	<b>0.69 (23.3)</b>
Cutting Swath cm (in.).....	<b>40 (16)</b>

# TRIMMERS

Trade up to the world's finest professional-grade grass trimmers. ECHO's easy-to-use custom ergonomic controls, lightweight design, and powerful professional-grade, Japanese 2-stroke engines give you the tools to enhance your productivity. Whether you need a lightweight curved shaft model for simple trimming around posts or fence lines, or you require the long reach of a straight shaft model, ECHO trimmers are designed for long-lasting performance.

## Curved Shaft

### GT-22GES

Lightweight trimmer with curved shaft that includes our reduced effort starting technology and comes with a nylon head.

- 30% reduction in starting effort
- Semi-automatic cutting head
- Optional nylon-line head
- Curved shaft

Engine cc.....	<b>21.2</b>
Weight kg (lbs.).....	<b>4.5 (9.9)</b>
Shaft Length cm (in.) .....	<b>150 (59)</b>
Fuel Capacity L (fl. oz.).....	<b>0.44 (14.9)</b>
Cutting Swath cm (in.).....	<b>40 (16)</b>

## Straight Shaft

### SRM-22GES

Lightweight trimmer with straight shaft that includes our reduced effort starting technology.

- 30% reduction during startup
- Semi-automatic cutting head
- Straight shaft
- Optional nylon-line head available

Engine cc.....	<b>21.2</b>
Weight kg (lbs.).....	<b>4.6 (10.1)</b>
Shaft Length cm (in.) .....	<b>150 (59)</b>
Fuel Capacity L (fl. oz.) .....	<b>0.44 (14.9)</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

## Straight Shaft

## SRM-2620

The SRM-2620 Straight-Shaft Trimmer handles tough jobs effortlessly. With a Speed-Feed® 400 Trimmer Head reliable starts in all conditions, it's a must-have for pros.

- Speed-Feed® 400 Trimmer Head reloads in seconds without disassembly
- 1.62:1 gear reduction delivers more cutting power for tough grass and weeds
- Two-stage air filtration system reduces maintenance
- Large 20.6 fl. oz. fuel tank for extended runtime

Engine cc.....	<b>25.4</b>
Weight kg (lbs.).....	<b>5.7 (12.6)</b>
Shaft Length cm (in.) .....	<b>150 (59)</b>
Fuel Capacity L (fl. oz.) .....	<b>0.60 (20.6)</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

## SRM-2620T

The SRM-2620T Straight-Shaft Trimmer boasts a 2:1 gear ratio for increased torque, a Speed-Feed® 400 Trimmer Head, and an excellent power-to-weight ratio.

- Speed-Feed® 400 Trimmer Head reloads in seconds without disassembly
- 2:1 high-torque gear ratio for extra power on dense grass and brush
- Two-stage air filtration system reduces maintenance
- Large 20.6 fl. oz. fuel tank for extended runtime

Engine cc.....	<b>25.4</b>
Weight kg (lbs.).....	<b>5.8 (12.8)</b>
Shaft Length cm (in.) .....	<b>150 (59)</b>
Fuel Capacity L (fl. oz.) .....	<b>0.60 (20.6)</b>
Cutting Swath cm (in.).....	<b>43 (17)</b>

## SRM-3020

The SRM-3020 Straight-Shaft Trimmer boosts productivity with its lightweight build, Speed-Feed® 500 Trimmer Head, and 20 in. cutting swath for efficient, seamless work.

- Speed-Feed® 500 Trimmer Head reloads in seconds without disassembly
- 1.62:1 gear reduction delivers more cutting power for tough grass and weeds
- Two-stage air filtration system reduces maintenance
- Large 24.0 fl. oz. fuel tank for extended runtime

Engine cc.....	<b>30.5</b>
Weight kg (lbs.).....	<b>6.2 (13.7)</b>
Shaft Length cm (in.) .....	<b>150 (59)</b>
Fuel Capacity L (fl. oz.) .....	<b>0.71 (24)</b>
Cutting Swath cm (in.).....	<b>50 (20)</b>

See chart for part number.

## TRIMMER ACCESSORIES

### Edger Attachment

Fits SRM-2620/T  
**Part#: 99944230001**

ECHO's innovative, easy-to-use Speed-Feed® trimmer heads take the hassle out of refilling your trimmer head.

- No disassembly required
- Reload your trimmer line in 30 seconds or less
- Rugged head for medium and heavy-duty applications
- Smooth bottom enables the head to glide along the ground for an even cut

## EASY AS

**1. LINE UP ARROWS**

**2. FEED LINE**

**3. TWIST BOTTOM DISC TO WIND**

### SPEED-FEED® 400 TRIMMER HEAD

Holds 20 ft. of .095 in. diameter line; accepts line diameters of .080 in. to .105 in.

**Part #: 99944200907 - Universal fit for ECHO curved shaft and straight shaft trimmers as well as select competitor models.**

**Part #: 99944200907B - Fits ECHO straight shaft trimmers, Bulk package of 24**

**Part #: 99944200908 - Fits ECHO curved shaft trimmers.**

### SPEED-FEED® 500 TRIMMER HEAD

Holds 40 ft. of .095 in. diameter line; accepts line diameters of .080 in. to .130 in.

**Part #: 99944200950 - Universal fit for ECHO curved shaft and straight shaft trimmers as well as select competitor models.**

**Part #: 99944200950B - Fits ECHO straight shaft trimmers, Bulk package of 24**

Unique shape of this Speed-Feed® trimmer head is a trademark of ECHO Inc.

### ECHOmatic® Heads

Proven economical bump head design great for mowing and trimming.

ECHOmatic® (universal) Bulk package of 24	21560070 21560070B	
ECHOmatic® Pro	21560031	

### Rapid Loader® Heads

For smaller jobs with minimal obstacles.  
Easy to reload with pre-cut strips.

# PRO ATTACHMENT SERIES™

The ECHO Pro Attachment Series™ (PAS) is the perfect all-in-one solution. With a single powerhead and up to 16 different attachments for everything on your to-do list, this versatile system saves space, time and money, compared to purchasing and maintaining stand-alone, dedicated units. The application flexibility of this expandable lineup is as limitless as your changing job requirements. When the job requires another tool, the simple tool-less coupler makes changing attachments quick and easy.

## Powerhead

### PAS-266LA

Powerful performance for commercial applications. The PAS-266 system works in conjunction with up to 9 different professional-quality attachments that offer unbeatable flexibility and performance.

- Versatile unit for various applications works with 9 different professional attachments
- The easy-to-use connection provides a positive link between the powerhead and its attachments
- Our split-boom design allows for easy storage and transportation
- Professional 2-stage filter for better filtration and long engine life

# PAS ATTACHMENTS

## Brushcutter

- 1.62:1 gear ratio
- Includes 20.3 cm (8 in.) 80-tooth brush blade
- Length: 83.82 cm (33 in.) Weight: 5.6 lbs. (2.54 kg)

**Part#:** 99944200601

## Standard Hedge Trimmer

- 53.3 cm. (21 in.) double-sided double-reciprocating RazorEdge® blades
- Length: 127.2 cm. (50.1 in.) Weight: 4.13 lbs. (1.87 kg.)

**Part#:** 99944200486

## Articulating Hedge Trimmer

- 10 blade positions with range of 135°
- 53.3 cm. (21 in.) double-sided double-reciprocating RazorEdge® blades
- 163.5 cm. (64.4 in.) length (extended), 117.6 cm. (46.3 in.) length (storage position)
- Length: 163.5 cm. (64.4 in.) Weight: 5.6 lbs. (2.54 kg.)

**Part#:** 99944200596

## Speed-Feed® 400 Trimmer

- 1.62:1 gear ratio
- Easy-loading Speed-Feed 400°
- Length: 86.36 cm (34 in.) Weight: 3 lbs. (1.36 kg.)

**Part#:** 99944200540

## Blower

- Solid drive shaft with 4-bearing support
- Direct-drive fan for efficient power transfer
- Length: 63.5 cm. (25 in.) Weight: 3.9 lbs. (1.7 kg)

**Part#:** 99944200490AB

## Tiller/Cultivator

- 16.51 cm (6.5 in.) tilling swath
- Heavy-duty gear box
- 42:1 gear reduction
- Length: 83.82 cm (33 in.) Weight: 4.6 lbs. (2.09 kg.)

**Part#:** 99944200513

## Power Pruner\*

- Heavy-duty gear case and automatic oiler
- Over 8 ft. of total reach
- Comes with a 25.4 cm. (10 in.) bar and chain
- Length: 144.78 cm. (57 in.) Weight: 4.8 lbs. (2.1 kg.)

**Part#:** 99944200532

## Pro Sweep™

- 57.1 cm. (22.5 in.) sweeping swath
- Perfect for all surfaces including lawn, concrete and soil
- Length: 91.4 cm. (36 in.) Weight: 11.2 lbs. (5.08 kg.)

**Part#:** 99944200553

## Straight Shaft Edger

- Pro-Torque™ gear case
- Blade length: 19.69 cm (7.75 in.)
- Length: 83.8 cm. (33 in.) Weight: 5.6 lbs. (2.5 kg.)

**Part#:** 99944200475

# POWER PRUNERS®

ECHO Power Pruners® offer over 12 feet of reach for safe, efficient pruning without leaving the ground. Their lightweight design and ergonomic controls ensure operator comfort, while heavy-duty gearboxes and adjustable oilers deliver lasting durability and superior cutting performance. Built for commercial-grade reliability, these pruners provide unmatched versatility for professional tree care.

## Power Pruners®

### PPT-2620

The PPT-2620 Power Pruner® features a loop handle and telescoping shaft for over 12 ft. reach. With an ergonomic design, two-stage air filter, and 14% larger fuel tank, it's built for professional use.

- Professional-grade housing increases durability
- Automatic, adjustable oiler extends bar and chain life
- Two-stage air filtration system reduces maintenance

The part numbers listed above (e.g. 91PXL52CQ) include a two-or three-letter code that references the chain type. See detailed descriptions below.

### CHAIN TYPE: LOW-KICKBACK CHAIN

- PX** Low-vibration chamfer chisel chain cutters with ramped depth gauges, bumper drive links and standard sequence.
- BPX** Low-vibration chisel cutters with bumper drive links and standard sequence.
- PXL** Low-vibration semi-chisel cutter with ramped depth gauges, bumper drive links and longer top plate.
- TXL** Low-vibration micro-chisel cutters with ramped depth gauge and bumper drive-links.

### CHAIN TYPE: PROFESSIONAL CHAIN

- LPX** Round-ground chisel cutters with bumper drive links and standard sequence.
- VXL** Low-vibration semi-chisel cutter with ramped depth gauges and longer top plate.

## POWER PRUNERS®

### Features and Benefits

- 2-stage commercial-grade air filtration for long engine life
- Digital ignition system provides intelligent electronic programming for precise ignition timing at all operating speeds
- Purge bulb for easy starting
- Aluminum inner drive shaft for torsion strength and lightweight
- Ribbed fiberglass outer shaft for rigidity and control
- In-line handle with rubber grip for comfort
- Shock-absorbing drive shaft prevents damage to shaft
- Automatic, adjustable oiler to match cutting conditions
- Multi-layer flexible cable drive with lifetime warranty for buyer confidence
- Rubberized front hand grip for comfort and vibration reduction
- 1.5:1 gear ratio provides torque needed to cut large branches
- Telescoping shaft for a variety of cutting heights

### Hedge Trimmers

#### HC-2020LA

The HC-2020 is built to professional standards yet easy for homeowners to use. With a balanced, lightweight construction and 20-in. double-sided blades, it adds beauty without adding user fatigue.

- Lightweight, high-power design reduces fatigue for extended use
- 20 in. RazorEdge® blades cut faster with double-sided, double-reciprocating action
- Two-stage air filtration system reduces maintenance
- Tool-free air filter for easy in-field servicing

Engine (cc) .....	<b>21.2</b>

## Hedge Trimmers

### HC-2810

Made to help pros meet the needs of demanding clients and properties, the HC-2810 provides best-in-class performance and a host of user-friendly features. This hedge trimmer cuts smoothly to transform overgrown bushes and hedges into beautiful landscaping.

- i-30™ starting system requires 30% less effort for faster starts
- 28 in. RazorEdge® blades deliver fast, efficient single-sided cutting
- Rotating rear handle (180°, 3-position) improves control
- Tool-free air filter for easy in-field servicing
- Front-facing exhaust prevents plant damage

# CONCRETE SAW

A powerful, easy-to-use concrete saw delivers exceptional cutting performance favored by hardscape professionals. Its high-torque drive system cuts through blocks and concrete without stalling. Features like a spring-assist starter, decompression valve, and reversible cutting arm ensure easy starts and versatile, precise cutting.

## Concrete Saw

### CSG-7410

Easy cuts for hardscape pros. The best-in-class CSG-7410 concrete saw features a high-torque ratio for improved cutting through thick masonry blocks and dense concrete. Its durable, user-friendly design includes a four-stage air filtration system and a quick-release hose adapter.

Engine (cc) .....	<b>73.5</b>
Weight kg (lbs.).....	<b>10.3 (22.7)</b>
Wheel Diameter cm (in.).....	<b>35.5 (14)</b>
Fuel Capacity L (fl. oz) .....	<b>0.70 (23.7)</b>

- Class-leading high-torque drive system
- Patented 4-stage air cleaner provides the engine with clean air for long life
- Easy starting system includes reduced effort starter and decompression valve
- Reversible cutting arm can be moved to enable cutting near a wall or close to the ground

## CONCRETE SAW ACCESSORIES

### Pressurized Water Tank

11.4 L. fits the CSG-7410 and most competitive concrete saws.

**Part#: 99988805000**

### Concrete Saw Cart\*

Designed for use with the CSG-7410 concrete saw featuring 6-step cutting depth, 9.8 L. water tank, and easy access engine throttle for anywhere a wheeled concrete saw is needed.

**Part#: CWT-7410**

# BLOWERS

Building on a legacy of power and performance, ECHO industry-leading blowers deliver maximum productivity for professionals. The lineup includes handheld and backpack models packed with features like comfortable handles with cruise control and advanced ignition systems for effortless starting. Backpack blowers offer padded backrests, shoulder straps, and secure Posi-loc™ tube connections, with options for tube- or hip-mounted throttles to suit every preference.

### Handheld Blowers

#### PB-2520

The PB-2520 Handheld Blower makes tough cleanup jobs feel like a breeze. Engineered for durability and ease, it's the perfect choice for homeowners who want powerful performance without the hassle.

- Curved tube with rotational control improves control and reduces arm fatigue.
- Cruise control for comfortable operation
- Double-grid air intake reduces clogging
- Posi-Loc™ tubes for secure, durable connection

Engine cc.....	<b>25.4</b>
Weight kg (lbs.).....	<b>3.9 (8.6)</b>
Fuel Capacity L (fl. oz.).....	<b>0.55 (18.6)</b>

Max. Air speed at Nozzle kph (mph).....	<b>274 (170)</b>
Noise Level (dB(A))*.....	<b>70</b>

## Shred 'N' Vac®

### ES-252/LA

The ES-252 Shred 'N' Vac® offers quick, reliable cleanup with easy starting and versatile blower-to-vacuum/shredder conversion, saving time and effort.

- 3-in-1 blower, vacuum, shredder
- 4-blade shredding system reduces debris for less bagging
- 2-bushel collection bag with rear zipper empties quickly
- Curved tube with rotational control improves control and reduces arm fatigue

Engine cc.	<b>25.4</b>
Weight kg (lbs.)	<b>5.7 (12.6)</b>
Fuel Capacity L (fl. oz.)	<b>0.50 (16.9)</b>

Noise Level (dB(A))*	<b>70</b>

## Backpack Blowers

### PB-580T

The PB-580 Backpack Blower meets the high demands of both professionals and homeowners, handling everything from light cleanups to wet, heavy leaves with all-day productivity and comfort.

- Vented backpad with padded shoulder straps for all-day comfort
- Variable-speed throttle with cruise control for efficiency and precision.
- Pleated automotive-style filter extends engine life

Engine cc.	<b>58.2</b>
Weight kg (lbs.)	<b>10.38 (22.9)</b>

Max. Air speed at Nozzle kph (mph)	<b>348 (216)</b>
Noise Level (dB(A))*	<b>70</b>

### PB-5810T

**NEW**

The PB-5810 backpack blower is ECHO's easiest-starting blower, delivering impressive power for homeowners and light commercial use.

- 44% less starting effort for maximum productivity (compared to the previous model)
- Vented packpad with padded shoulder straps for all-day comfort
- Variable-speed throttle with cruise control for efficiency and precision

Engine cc.	<b>59.7</b>
Weight kg (lbs.)	<b>9.7 (21.4)</b>
Fuel Capacity L (fl. oz.)	<b>1.3 (43.2)</b>

Max. Air speed at Nozzle kph (mph)	<b>322 (200)</b>
Noise Level (dB(A))*	<b>75</b>

### PB-7910T

The PB-7910 Backpack Blower delivers exceptional performance with 835 CFM at up to 240 MPH, making it the most powerful commercial-grade backpack blower at its price point.

- Vented backpad with padded shoulder straps for all-day comfort
- Variable-speed throttle with cruise control for efficiency and precision
- Side-mounted, heavy-duty, dual-stage air filtration system increases engine life

Engine (cc)	<b>79.9</b>
Weight kg (lbs.)	<b>11.79 (26)</b>

Air Volume at Nozzle m <sup>3</sup> /min (CFM)	<b>23.6 (835)</b>
Noise Level (dB(A))*	<b>76</b>

### PB-9010T

Meet the PB-9010, an industry leader in backpack blowers. This powerhouse is engineered to handle the toughest tasks with ease, making it the ultimate choice for professionals who demand the best.

- Vented backpad with padded shoulder straps for all-day comfort
- Metal wear ring protects blower tube from abrasion
- Variable-speed throttle with cruise control for efficiency and precision.
- Top-mounted, heavy-duty, dual-stage air filtration system extends engine life

Engine (cc)	<b>79.9</b>
Weight kg (lbs.)	<b>12.4 (27.3)</b>
Fuel Capacity L (fl. oz.)	<b>2.48 (83.8)</b>
Max Air Speed at Nozzle kph (mph)	<b>354 (220)</b>
Newton Blowing Force (N) at Nozzle	<b>48</b>
Air Volume at Nozzle m <sup>3</sup> /min (CFM)	<b>31.4 (1110)</b>
Noise Level (dB(A))*	<b>80</b>

# DUSTER/MISTERS

Don't accept substitutes. Choose professional ECHO duster/misters. ECHO motorized duster/misters spray liquid, spread powder, spread granulated chemical products and agricultural supplements in an even pattern. Duster/misters are ideal in a number of applications such as coffee plantations, banana plantations, corn fields, and many other uses where crop fertilization and pest control are essential.

## MB-580

The MB-580 is a specially-designed gas-powered mister that's perfect for spraying liquids and other liquid-fog agricultural supplements in an even pattern. Ideal applications include fruit orchards, vegetable gardens, and tree nurseries.

- Perfect instrument for the maintenance and care of fruit, vegetables, trees and it is suitable for all types of treatments
- Applies liquid-fog agricultural supplements
- The special fan and housing design provides better flow of chemicals
- Semi-transparent tank for controlling the level of chemicals
- Adjustable nozzle for various applications

Engine Disp (cc) .....	<b>58.2</b>
Chemical Tank Capacity L (gal) .....	<b>23 (6.1)</b>

Fuel Capacity L (gal) .....	<b>1.85 (62.6)</b>

## DM-6120

The DM-6120 is a specially-designed gas-powered duster/mister that's perfect for spraying liquids, spreading powder and other granulated chemical products and agricultural supplements in an even pattern. Ideal applications include coffee plantations, banana plantations, corn fields, and many other uses where crop fertilization and pest control are essential.

- 10% more power than its predecessor (DM-6110)
- Applies liquid-fog and granulate agricultural supplements
- The special fan and housing design applies better flow of chemicals
- New redesigned strainer to prevent chemical spills
- Adjustable nozzle with 6-step valve for various applications

Engine Disp (cc) .....	<b>58.2</b>
Chemical Tank Capacity L (gal) .....	<b>23 (6.1)</b>
Max Air Volume m <sup>3</sup> /min.....	<b>12.3</b>

# SPRAYERS

Sprayers in handheld and backpack styles are lightweight, easy to use, and built for durability. Backpack models feature UV-resistant tanks, ergonomic pump handles, and 21 in. wands with multiple nozzle options. Chemically resistant seals, in-wand filtration, and fold-away handles add convenience and long-lasting performance.

When you need a heavy-duty gas-powered sprayer, the SHP-800 is the answer. It applies all ranges of materials including herbicides, pesticides, and fertilizers in a clean and even pattern up to a distance of 6 m (20 ft.).

- Vibration-reduction system to operate without fatigue
- Double-action piston pump
- Semi-transparent tank for controlling the level of chemical products
- Standard and optional nozzles for most applications

# MANUAL SPRAYERS

ECHO Sprayers, available in both handheld and backpack styles, are lightweight and easy to use. The entire backpack sprayer lineup includes lightweight tanks with UV inhibitors, ergonomic pump handles, and 21 in. wands with various nozzles. They also feature chemically resistant seals, in-wand filtration systems, and fold-away handles for easy storage.

## 2-Gallon Handheld Sprayer

### MS-2310H

The MS-2310H offers a convenient, lightweight design with a wide mouth opening for easy filling and cleaning. With a high-capacity professional-grade pump and fiberglass wand it's ideal for cleaning, sanitizing, and applying harsh chemicals for either indoor or outdoor applications.

- 2-gallon tank with wide mouth opening for easy filling and cleaning
- High-capacity, professional-grade pump with a 21 in. fiberglass wand.
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank capacity L (gal.) .....	<b>7.5 (2)</b>
Weight kg (lbs.) .....	<b>11 (5)</b>
Pressure Rating kgf/cm <sup>2</sup> (PSI) .....	<b>3.2 (45)</b>
Tank Opening cm (in.) .....	<b>11.4 (4.5)</b>

## 4-Gallon Backpack Sprayer

### MS-4010BP

The MS-4010BP has a piston style pump that makes pressurization fast and easy, reducing user fatigue. It features a 4 gal. professional-grade tank and a 50-in. heavy-duty, nylon-reinforced hose, making it ideal for use in either turf or agricultural applications.

- Wide mouth opening for easy filling and cleaning
- Professional-grade 21 in. fiberglass wand with a 50 in. heavy-duty, nylon-reinforced hose
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank capacity L (gal.) .....	<b>15.1 (4)</b>
Weight kg (lbs.) .....	<b>21 (9.5)</b>

Tank Opening cm (in.) .....	<b>14 (5.5)</b>

## 4-Gallon Backpack Diaphragm Sprayer

### MS-4010BPD

The ECHO MS-4010BPD 4-gallon backpack manual sprayer features a diaphragm pump that can be used with liquids and many wettable powders. Its premium quality, professional-grade, heavy-duty design is built to withstand the most demanding work conditions.

- Wide mouth opening for easy filling and cleaning
- Professional-grade 21 in. fiberglass wand with a 50 in. heavy-duty, nylon-reinforced hose.
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank capacity L (gal.)	15.1 (4)
Weight kg (lbs.)	24.2 (11)
Pressure Rating kgf/cm <sup>2</sup> (PSI)	6.3 (90)
Tank Opening cm (in.)	14 (5.5)

## 5-Gallon Backpack Sprayer

### MS-5010BP

The ECHO MS-5010BP is a premium quality, professional-grade, heavy-duty backpack manual sprayer. Built for heavy day-to-day use, it provides a large capacity 5 gal. tank for extended operations, and can either be used for turf or agricultural applications to spray herbicides, fertilizers, and more.

- Wide mouth opening for easy filling and cleaning
- Heavy-duty padded straps with waist belt
- Professional-grade 21 in. fiberglass wand with a 50 in. heavy-duty, nylon-reinforced hose.
- Includes adjustable, flat fan, hollow cone and jet stream nozzles

Tank capacity L (gal.)	18.9 (5)
Weight kg (lbs.)	5.9 (13.1)
Pressure Rating kgf/cm <sup>2</sup> (PSI)	6.3 (90)
Tank Opening cm (in.)	14 (5.5)

# FIRE PUMP

The ECHO FP-2126 Fire Pump delivers powerful performance using an existing water source like a pool or pond to move water where it's needed most. Oversized 5-spoke wheels ensure easy transport across rough terrain, while the durable steel frame protects the engine and pump. It's a dependable, property-saving solution in emergency situations.

## Fire Pump

### FP-2126

With a reliable engine and portable power able to reach a second story, the FP-2126 Fire Pump helps control fires until firefighters arrive. It diverts water from nearby streams, ponds, pools or shallow wells to buy valuable time when a fire breaks out in buildings, brush or wooded areas.

- Complete firefighting kit with easy to transport cart
- Honda® GX200 engine
- 2 in. high-pressure water pump
- Includes 12 ft. suction hose and 50 ft. discharge hose

Engine cc.....	<b>196</b>
Weight kg (lbs.) .....	<b>58.9 (130)</b>
Fuel Capacity L (fl. oz.) .....	<b>3.1 (105)</b>

# PRESSURE WASHERS

With PSI ranging from 3,100 to 4,200, ECHO pressure washers deliver fast, effective cleaning for professionals and homeowners alike. Designed for durability and ease of use, they make quick work of dirt and grime on equipment, decks, and siding. These models offer maximum productivity and convenience without compromising cost-efficiency.

## Pressure Washer

### PW-3100

The PW-3100 Pressure Washer provides up to 3,100 PSI, ideal for removing stubborn buildup and cleaning decks, patios, sidewalks, driveways, and exteriors.

- Easy start axial cam pump system
- 4-stroke engine provides quiet operation
- Two-stage air filtration dramatically increases cleaning capability and allows for longer maintenance intervals
- Reversible handle for easy storage

# WHEELED TRIMMERS

Wheeled trimmers provide five times the power of a handheld trimmer, making them ideal for cutting through dense grass and weeds. Their maneuverability allows easy trimming along flowerbeds, fences, trees, and other hard-to-reach areas. Equipped with .155 in. Cross-Fire® trimmer line, ECHO trimmers deliver powerful, precise results where mowers can't go.

## Wheeled Trimmers

### WT-1610

The WT-1610 Wheeled Trimmer tackles tough spots with its 24 in. cutting swath and 7.5° pivot, making it easy to trim around fences, rocks, and walls.

### WT-1610T

The WT-1610T Tilt Wheeled Trimmer combines power and precision with adjustable cutting heights and tilt settings from 5° to 13°, handling both overgrown lots and detailed trimming.

### WT-1610SP

The WT-1610SP Wheeled Trimmer packs 5x the power of a handheld, with 15 in. wheels, a 24 in. swath, and speeds up to 2 MPH to clear thick brush effortlessly.

- Easy-start Briggs & Stratton® OHV engine
- Large 16 in. wheels for easy maneuverability
- Folding ergonomic handle design
- Removable nose piece for easy belt inspection

- Easy-start Briggs & Stratton® OHV engine
- Large 16 in. wheels for easy maneuverability
- Folding ergonomic handle design
- Tilt-n-trim feature allows the operator to efficiently cut hard to reach areas as well as around and under obstructions

- Easy-start Briggs & Stratton® OHV engine
- Large 16 in. wheels for easy maneuverability
- Folding ergonomic handle design
- Self-propelled feature allows for easier maneuverability over rough terrain

# CHIPPER/SHREDDERS

Chipper/shredders quickly turn yard debris like limbs and leaves into mulch using two reversible chipping blades and eight shredding knives. Ideal for commercial landscapers or homeowners, ECHO chipper/shredders produce  $\frac{3}{4}$  in. pieces with the medium debris screen. The resulting mulch can be reused to suppress weeds, retain moisture, and protect plants year-round.

## Chipper/Shredders

### SC-2013

The SC-2013 Chipper/Shredder reduces debris and branches up to 3 in. thick into  $\frac{3}{4}$  in. pieces and features four screens for customizable chip sizes.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades
- Includes coarse debris screen. Other discharge screens available

Engine cc.....	<b>208</b>
Weight kg (lbs.).....	<b>76.7 (100)</b>

## Chipper/Shredders

### SC-3013

The SC-3013 Chipper/Shredder handles branches up to 3 in. thick, reducing them to 3/4 in. pieces with four heavy-duty screens for versatile use.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades
- Includes coarse debris screen. Other discharge screens available

Engine cc.....	<b>306</b>
Weight kg (lbs.).....	<b>103.4 (228)</b>

# SPREADERS

ECHO heavy-duty professional-grade spreaders deliver fast, precise coverage for seeds, fertilizers, herbicides, pesticides, and salt. Designed to boost productivity and minimize maintenance, they feature comfortable pro-style "T" handles and metal augers for consistent material flow. Durable, oversized hoppers reduce refill frequency, keeping projects moving efficiently.

## Spreader

### RB-60

The RB-60 heavy-duty turf broadcast spreader features a 60 lb.-capacity hopper with a spread pattern up to 8 ft. wide. Perfect for spreading seeds, fertilizer, pesticides, and more.

- Factory-calibrated spread pattern provides even, accurate coverage
- Maintenance-free gear case reduces maintenance time and costs
- Foot-operated side deflector keeps material out of unwanted areas

Weight kg (lbs.)	<b>10.4 (23)</b>
Tire Size cm (in.)	<b>25.4 (10)</b>
Hopper Capacity kg (lbs.)	<b>27.2 (60)</b>
Frame	<b>Powder-coated Steel</b>

Optional hopper cover for RB-60  
Part#: G401000020

## Broadcast Spreader

### RB-85

The RB-85 is a professional, turf broadcast-style spreader featuring a 13 in. diameter tires and a tough, corrosion-resistant powder-coated steel frame to support an oversized 85 lb.-capacity hopper.

- Includes hopper grate and cover
- Large-capacity hopper holds 1.54 cu. ft. of material
- Heavy-duty metal gears provide long-lasting durability
- Foot-operated side deflector keeps material out of unwanted areas

Weight kg (lbs.)	<b>15.8 (35)</b>
Tire Size cm (in.)	<b>33 (13)</b>
Hopper Capacity kg (lbs.)	<b>38.5 (85)</b>
Frame	<b>Powder-coated Steel</b>

### RB-85S

The RB-85S is equipped with 13-inch diameter tires and a durable stainless steel frame, built to withstand tough conditions. It supports an oversized 85 lb. capacity hopper, while the heavy-duty agitator ensures clumps are effectively broken up for smooth spreading.

- Includes hopper grate and cover
- Large-capacity hopper holds 1.54 cu. ft. of material
- Heavy-duty metal gears provide long-lasting durability
- Foot-operated side deflector keeps material out of unwanted areas

Weight kg (lbs.)	<b>16.7 (37)</b>
Tire Size cm (in.)	<b>33 (13)</b>
Hopper Capacity kg (lbs.)	<b>38.5 (85)</b>
Frame	<b>Stainless Steel</b>

# GENERATORS & INVERTERS

ECHO portable power solutions include both generators and inverter generators, delivering reliable power wherever it's needed—from job sites and tailgates to emergency backup at home. Conventional generators offer higher output for extended use and are ideal for large appliances and tools, while inverter models provide quieter, more fuel-efficient performance for sensitive electronics and lighter power needs. Each unit is built for durability and ease of use, so you can count on consistent power with minimal hassle.

## GENERATORS VS. INVERTERS

Both conventional generators and inverter generators have advantages depending on your specific needs and preferences. Conventional generators are typically more powerful and can provide a lot of electricity, with most models providing over 4,000 watts of electricity for extended periods of time. Conventional generators are often used for larger appliances and powering corded power tools. Conventional generators can also be useful during power outages. Inverters are often used for smaller appliances and electronics as they are quieter and more fuel-efficient than conventional generators. Inverter generators are good choice for sensitive electronics and when your overall power usage needs are low.

## Inverter

### EGi-3600LN

The EGi-3600LN Generator/Inverter delivers quiet, powerful performance with push-button start and auto-idle fuel efficiency, ideal for emergency or off-grid power.

- Easy electric start with recoil backup
- Auto-idle fuel-saving technology
- Parallel capable

## Conventional

### EG-3500

The EG-3500 Generator combines power and ease of use, ideal for campsites, jobsites, or backup during home emergencies.

- Automatic voltage regulator to maintain constant voltage & power
- Covered outlets protect unit while storing
- Includes fuel gauge and low oil shut down
- Circuit breaker protection

### EG-10000

The EG-10000 Generator offers 10,000 watts of quiet, efficient power for jobsites, home appliances, and food trucks, with stable output.

- Automatic voltage regulator to maintain constant voltage & power
- Easy electric start with recoil back up
- Digital multimeter for easy access to critical information
- Includes fuel gauge and low oil shut down

# DRILL/AUGER

# TILLER

ECHO augers and engine drills deliver high torque and easy starting to power through dense soil or ice with confidence. Tiller/cultivators make fast work of tough garden tasks—breaking up dirt, blending compost, and controlling weeds. Both are built to save time and reduce strain while delivering professional results.

## Engine Drill

### EDR-260

Designed for all-day productivity, the EDR-260 Engine Drill delivers high-torque power, easy starting, ergonomic comfort, and any-angle operation for reliable performance when you need it.

## Earth/Ice Auger

### EA-410

Designed for tough jobs, the EA-410 Earth/Ice Auger powers through compacted dirt, clay, and ice with ease. Built to last with easy starts and reduced vibration for reliable performance.

## Tiller/Cultivator

### TC-210

The TC-210 Tiller/Cultivator is compact and lightweight yet powerful enough to break tough soil into a ready-to-plant bed. Equipped with four 9 in., 10-tooth reversible hardened-steel tines and a durable 42:1 reduction gear transmission, it delivers dependable performance season after season.

- Heavy-duty gear case delivers maximum torque for superior drilling performance
- All-position diaphragm carburetor enables reliable operation at any angle
- Heavy-duty keyed chuck secures up to 1/2 in. drill shank for rugged performance
- Convenient reverse function for easy bit removal and control

- Heavy-duty gear case delivers maximum torque for superior drilling performance
- Reinforced handle and frame built for rugged, single- or two-person use
- Compatible with a wide range of auger diameters and lengths (sold separately)

- Four 9-inch-diameter, 10-tooth, reversible, hardened steel tines
- 42:1 reduction worm gear-type transmission
- Kickstand for easy storage
- Water-resistant stop switch and throttle control located at operator's fingertips

# TILLER ACCESSORIES

## Tiller/Cultivator Kickstand Replacement

- TC-210
- Part #: 99988800900

# AUGER ACCESSORIES

## Earth Augers

All ECHO augers have a 7/8 in. diameter shaft opening. The 6 in., 8 in. and 10 in. augers feature a flex coil design to absorb ground shock while slowing impact between blade and rock for better handling and operation.

Diameter cm (in.)	Length cm (in.)	Weight kg (lbs.)	Part #
5 (2)	91.4 (36)	2.63 (5.8)	99944900150
7.6 (3)	91.4 (36)	2.95 (6.5)	99944900160

# HAND TOOLS

ECHO hand tools are the perfect complement to powered equipment, built for precision and ease. Ergonomic designs make pruning, lopping, and chopping simple and efficient. Durable materials like high-carbon steel and end-grain hickory deliver long-lasting, professional-grade performance.

## Precision Hand Snips

**HP-42**

The HP-42 precision hand snips feature a durable, ergonomic design for performing essential pruning on plants, herbs and flowers.

- Double-beveled tapered tips for fine pruning
- Stainless steel blades resist corrosion
- Heavy-duty spring reduces hand fatigue
- Easy-to-close blade locking clasp for right- or left-handed use

Cutting Capacity cm (in.) ..... **Up to 1.27 (0.5)**  
Blade Type ..... **Stainless Steel**  
Handle Grip ..... **Non-slip Rubber Grip**

## Bypass Pruner

**HP-43**

The HP-43 bypass pruners incorporate gear-driven technology to multiply cutting force by 3x over conventional pruners.

- High carbon steel for superior blade durability
- Lightweight composite handle with rubber overmolded grip for comfortable control
- Low friction, coated blades

Cutting Capacity cm (in.) ..... **Up to 1.58 (0.62)**  
Blade Type ..... **High carbon steel**  
Handle Grip ..... **Rubber overmold**

**HP-44**

The HP-44 bypass pruners feature an adjustable grip to match the hand size of the user and ensure comfortable cutting all day long.

- High carbon steel for superior blade durability
- Lightweight shock-absorbing handles with rubber overmolded grip
- Low friction, coated blades

Cutting Capacity cm (in.) ..... **Up to 2.54 (1)**  
Blade Type ..... **High carbon steel**  
Handle Grip ..... **Rubber overmold**

## Pro Bypass Pruner

**HP-62**

Pro Series bypass pruners feature contoured handles to better match the shape of the user's hand, providing the comfort and cutting performance needed for all-day jobs.

- High carbon steel for superior blade durability
- Lightweight shock-absorbing handles with rubber overmolded grip
- Low friction, coated blades

Cutting Capacity cm (in.)	<b>Up to 2.54 (1)</b>
Blade Type	<b>High carbon steel</b>
Handle Grip	<b>Ergonomic</b>

## Anvil Lopper

**HA-2710**

Levered gear technology triples the cutting power compared to standard loppers, while coated blades reduce friction for smooth cuts and maximum productivity.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

Cutting Capacity cm (in.)	<b>5.7 (2.25)</b>
Blade Type	<b>High carbon content</b>
Blade Length cm (in.)	<b>8.89 3.5</b>
Overall Length cm (in.)	<b>82.5 (32.5)</b>

## Bypass Lopper

**HA-2720**

Lightweight construction and a levered gear that requires 3x less effort than standard loppers, the HA-2720 powers through tough jobs and long days with ease.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

Cutting Capacity cm (in.)	<b>5.7 (2.25)</b>
Blade Type	<b>High carbon content</b>
Blade Length cm (in.)	<b>8.89 3.5</b>
Overall Length cm (in.)	<b>82.5 (32.5)</b>

## Hedge Shear

**HA-2910**

With a wave blade design and geared lever technology that reduces effort when powering through thick cuts, the HA-2910 is a reliable hand tool that delivers powerful results.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

Cutting Capacity cm (in.)	<b>9.52 (3.75)</b>
Blade Type	<b>High carbon content</b>
Blade Length cm (in.)	<b>22.86 (9)</b>
Overall Length cm (in.)	<b>66 (26)</b>

## Splitting Wedge

**HA-1005**

The 5-lb. HA-1005 splitting wedge helps to split large pieces of wood faster than a maul alone. Fully sharpened with a tapered cutting edge, it stacks productivity while reducing extra effort.

- Sharpened and ready for use
- Tapered cutting edge for efficient splitting
- Striking face is intended for driving splitting wedge
- 60 degree bevel head maximizes force and splitting capability

Weight kg (lbs.)	<b>2.26 (5)</b>
------------------	-----------------

## Hatchet

**HA-1142**

The HA-1142 hatchet is designed with user-friendly features and a sharp, durable blade to ensure quality cuts without added effort.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight kg (lbs.)	<b>0.90 (2)</b>
Blade Type	<b>High Carbon Content</b>
Handle Length cm (in.)	<b>35.5 (14)</b>

## Limbing Axe

## Felling Axe

HA-1282

The HA-1282 limbing axe features a 1.02 kg. tempered cutting edge on the business end of an ergonomic 71.12 cm. hickory handle.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight kg (lbs.) ..... **1.02 (2.25)**  
 Blade Type ..... **High Carbon Content**  
 Handle Length cm (in.) ..... **71.12 (28)**  
 Handle Material ..... **Low-moisture Hickory**

HA-1363

The HA-1363 felling axe perfectly balances a 1.58 kg. factory-sharpened steel blade with an ergonomic 91.4 cm. hickory handle to deliver deep, smooth cuts with reduced binding.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

Weight kg (lbs.) ..... **1.58 (3.5)**  
 Blade Type ..... **High Carbon Content**  
 Handle Length cm (in.) ..... **91.4 (36)**  
 Handle Material ..... **Low-moisture Hickory**

## ACCESSORIES

## RED ARMOR® BLADE CLEANER AND LUBRICANT

Get rid of what's collected along your blade. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

**Part#: 4550012 - 353 ml (12 fl. oz.) bottle**

## Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for a secure fit.

**Part #: 103942194 (M)**  
**Part #: 103942196 (L)**  
**Part #: 103942197 (XL)**

## Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for a secure fit.

**Part #: 103942195 (M)**  
**Part #: 103942198 (L)**  
**Part #: 103942199 (XL)**

## Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

**Part #: 103942074**

Formulated exclusively to enhance the performance and longevity of your outdoor power equipment, Red Armor® fuels, oils, and lubricants simplify maintenance while delivering unmatched protection and power. These premium solutions are engineered to clean, protect, and keep equipment running like new.

#### RED ARMOR® FUEL

This ready-to-use 50:1, 93-octane, ethanol-free fuel is pre-mixed with Red Armor® Oil for maximum engine performance. It cleans deposits, prevents carbon build-up, and extends engine life while staying fresh for up to 2 years opened, 5 years unopened.

#### "COMPETITOR B" OIL

⌚ 38 HOURS 72% BLOCKAGE

#### ENGINE FAILURE

#### RED ARMOR® OIL CLEAN UP

⌚ 75 HOURS 1% BLOCKAGE

#### KEEPS ENGINE CLEANER LONGER

## RED ARMOR® FUEL TREATMENT

Keep fuel fresh for up to two years with our unique fuel treatment. With a blend of antioxidants, detergents and an alcohol-free formula, our Red Armor® Fuel Treatment works with both 2-stroke and 4-stroke engines for day-to-day use or extended storage.

<b>Part #: 7550001</b>	<b>29.5 ml / 1 fl. oz. 24 piece sample pack (treats 2.5 gallons)</b>
<b>Part #: 7550012</b>	<b>355 mL / 12 fl. oz. bottle (6 per case)</b>

## RED ARMOR® 4-STROKE OIL

Red Armor® full-synthetic 4-stroke oil is designed to provide maximum protection under all operating conditions. SAE 5W-30. Meets API Service SP, SN Plus standards.

<b>Part #: 6554032</b>	<b>32 fl. oz. bottle (12 per case)</b>
------------------------	--

## RED ARMOR® PUMP GUARD

Red Armor® Pump Guard is great for protecting pressure washer pumps during storage as well as keeping pistons and seals fresh during the season for easy trouble-free start up. This next generation antifreeze and lubricant will extend the life of pressure washer pumps.

<b>Part #: 5550004</b>	<b>118 ml / 4 fl. oz. can (8 per case)</b>
------------------------	--

## RED ARMOR® LUBRICANT

This lithium-based grease is water-resistant and seals out moisture, giving you long-lasting protection. It is ideal for gear cases, spindles, cables, and ball bearings.

<b>Part #: 94008</b>	<b>236 ml / 8 oz. tube (48 per case)</b>
<b>Part #: 94014</b>	<b>414 ml / 14 oz. cartridge (36 per case)</b>
<b>Part #: 91016</b>	<b>Grease gun for 23 ml / 8 oz. tube</b>

## RED ARMOR® HAND SCRUB

Dirt-powered, water-activated, and free of harsh chemicals. Easily scrub away grease and grime!

<b>Part #: 3550000</b>	<b>6 ml / 0.2 fl. oz. 50 piece sample pack</b>
<b>Part #: 3550002</b>	<b>74 ml / 2.5 fl. oz. tube (20 per case)</b>
<b>Part #: 3550008</b>	<b>236 ml / 8 fl. oz. tube (12 per case)</b>
<b>Part #: 3550064</b>	<b>1.9 L / 64 fl. oz. pump bottle (2 per case)</b>

## RED ARMOR® BLADE CLEANER AND LUBRICANT

Quickly boost cutting performance by getting rid of what's collected along your blades. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

<b>Part #: 4550012</b>	<b>355 mL / 12 fl. oz. bottle (6 per case)</b>
------------------------	--

# POWERBLEND® GOLD™

## 2-STROKE OIL

Maintain fuel quality and enhance engine performance with our PowerBlend® Gold 2-Stroke Oil.

- For 2-stroke engines
- Semi-synthetic blend with fuel stabilizers
- Low-smoke emissions formula
- JASO FD registered and ISO-L-EGD compliant

# PERSONAL PROTECTION EQUIPMENT

ECHO safety glasses are lightweight and impact-resistant. All models meet ANSI Z87.1 standard.

Safety Glasses		Description	Part #
Tech		Integrated nose piece, non-slip rubber temple tips	102922451
Tiger		Suspended lenses, 5-position ratcheting temple pieces, 3-position nose width	102922455
Jet		Rubber nose piece, removable elastic headband, anti-fog coating	102922457
Turbine		Non-slip rubber pads on temple tips, gray tint side lenses	102922456
Pro II		Multi-color tinted lens with gray frame	102922460
Traveler		Seamless curved lens, nose buds, length-adjustable temple pieces	102922453
Aviator		Anti-glare lens with anti-fog coating, 4-position ratcheting length-adjustable temple pieces	102922458

## Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for secure fit.

**Part #: 103942194 (M)**  
**Part #: 103942196 (L)**  
**Part #: 103942197 (XL)**

## Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for secure fit.

**Part #: 103942195 (M)**  
**Part #: 103942198 (L)**  
**Part #: 103942199 (XL)**

## Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

**Part #: 103942074**

## Safety Shirts

Designed with moisture-wicking material for breathability and comfort to keep you cool. Reflective striping detail and high-visibility color ensures you're seen at all times. Meets ANSI/SEA 107-2010 Class 2 standards. Available in both long and short sleeves.

**Part #: 99988801809 Short Sleeve (M)**  
**Part #: 99988801810 Short Sleeve (L)**  
**Part #: 99988801811 Short Sleeve (XL)**  
**Part #: 99988801812 Short Sleeve (XXL)**  
**Part #: 99988801813 Long Sleeve (M)**  
**Part #: 99988801814 Long Sleeve (L)**  
**Part #: 99988801815 Long Sleeve (XL)**  
**Part #: 99988801816 Long Sleeve (XXL)**

## Safety Vests

Highly-visible vest features 5-point tear-away panels for safety.

**Part #: 99988801400 (L)**  
**Part #: 99988801401 (XL)**  
**Part #: 99988801402 (XXL)**

## Hearing Protection

Helps reduce potentially harmful noise emissions from damaging hearing. NRR 29 dB(A) rating. Meets ANSI S3.19 standards.

**Part #: 99988801520**

## Brushcutter System

Includes steel mesh face visor and earmuffs offering excellent face and ear protection while trimming or brushcutting. NRR 24 dB(A) rating.

**Part #: 99988801510**

## Equipment Bag

Carryall solution for work gear and/or extra accessories to keep everything in one place. Dimensions: 60.9 cm. L x 30.4 cm. H x 27.9 cm. W

**Part #: 103942145**

## Earplugs with Case

ANSI and OSHA approved. Carrying case keeps earplugs clean and ready to go. NRR 23 dB(A) rating.

**Part #: 103942210**

## Premium Brushcutter Harness

Features 4-point suspension system enabling easier handling and reduces weight-bearing. Padded shoulder straps for comfort with quick-release pin for safety. Max waist size: 40 in.

**Part #: 99944200202**

## Shin Guards

Lightweight with padded shins and hook and loop straps for easy on/off access. Water resistant.

Fits up to 23 in. calf circumference. Dimensions: 18 in. H x 9 in. W

**Part #: 103942180**

## Boshi™ Convertible Scarf

Provides relief from harsh outdoor conditions such as sun, dust and heat.

**Part #: 99988801000**

## Cooling Towel

Keeps you cool for hours. 3-layer construction absorbs sweat, stores moisture to keep you cool, and evaporates to diffuse heat.

**Part #: 99988801001**

## Shoulder Straps

A shoulder strap helps to support the weight of a trimmer or brushcutter. Fits up to 46 in. waist. Cross-body fit: 52 in.

**Part #: 99944200200 (SRM Models)**

\*Use SRM strap for GT-225L

**Part #: 99944200201 (GT Models)**

## Disposable Dust Mask

Provides 95% filtration, protecting lungs from small particles. NIOSH N95 approved.

**Part #: 99988803002 (2 pack)**

**Part #: 99988803010 (10 pack)**

## Reusable Dust Mask

Reusable and washable with breathable mesh for cooler comfort. Provides 95% filtration.

**Part #: 99988803000**

**Replacement Filters**

**Part #: 99988803005 (5 Pack)**
