2023 PRODUCT
CATALOG

LATIN AMERICA / CARIBBEAN

JAPANESE TECHNOLOGY

Japan is a world leader in craftsmanship, engineering and manufacturing expertise. Customers buy Japanese technology because the products are reliable, well-built, and durable. ECHO products exhibit all of these qualities and are known for being professional-grade.

As a brand produced by Yamabiko Corporation, ECHO is a company that developed many of the “world’s first” outdoor power equipment innovations. These innovations began with the first backpack duster in 1955, and have continued ever since.

Over the years, Yamabiko Corporation has produced over 70 million engines. All of Yamabiko’s manufacturing facilities worldwide produce to the same high standard of quality. Our production philosophy allows us to control the manufacturing processes from raw materials all the way to the finished products. We utilize lean manufacturing techniques and the latest equipment to make production more efficient and maintain our global competitiveness. It is no surprise, then, that our customers worldwide have come to rely on the performance and high quality of all Yamabiko Corporation products.

THE LEADER IN 2-STROKE OUTDOOR POWER EQUIPMENT

For 50 years, ECHO Inc. has been a worldwide leader in the development and manufacturing of professional-grade, hand-held outdoor power equipment for users who demand power, durability and quality in their equipment.

ECHO has built a reputation for high-quality, long-lasting Japanese engines which operate in the most demanding climates and conditions in Latin America and the Caribbean. ECHO’s premier chainsaws, brushcutters, and outdoor power equipment are distributed through a network of over 1,900 dealers in Latin America and the Caribbean.

These dealers are committed to providing customers with outstanding ECHO product selection, customer support and service. And ECHO is the only two-stroke engine-producing company that uses all professional-grade engine components.

PRODUCT ICONS

See below for enhanced explanations of select product feature icons throughout the catalog.

Forestry: Harvesting replanted trees for production of wood, pulp, and paper, or the removal of native wood for construction and production of products.

Agriculture: Maintaining property associated with farming, producing crops and raising livestock.

Easy Starting Technology provides 30% easier and smoother engine starts.

Infrastructure: Daily property maintenance and the landscaping of grounds involving parks, resorts, highways, and government/educational properties.

Gardening: Maintenance of green areas, gardens, and smaller sized acreage.

This icon represents products manufactured to the highest standard for professional-grade outdoor power equipment.

Digital CDI Ignition provides easy starting, smooth acceleration and maximum engine cutting performance.

G-Force Technology uses the vacuum created by the flywheel to pull wood chips and saw dust out of the air filter during operation.

Powerful. Lightweight. Greater productivity.

ECHO

eFORCE™
56V BATTERY SYSTEM

Professionals and homeowners look to ECHO for all their battery-powered outdoor equipment solutions. The ECHO eFORCE™ 56V Battery System is a single battery platform for all ranges of ECHO battery-powered equipment featuring proprietary technology and manufacturing which delivers performance users have come to expect from ECHO and trusted for over 50 years.

The ECHO eFORCE™ platform offers the best in balancing maximum power, light weight and maximum run time. The combination of these enable the pro and homeowner alike to tackle the toughest jobs, all while offering quiet and simple operation with easy maintenance.

- **One battery platform for all ECHO 56V battery tools**

ONE PLATFORM. ALL ECHO.

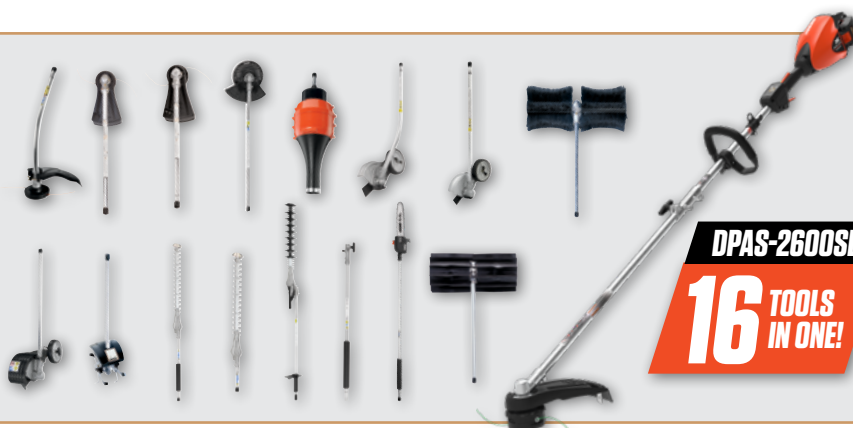

MAKING INTELLIGENT POWER & TRUSTED PERFORMANCE SIMPLE.™

- eCM Technology™ manages heat, charge and discharging of batteries
- MAXOUT™ technology ensures maximum output for the life of the battery charge*

* select units

Multiply your outdoor power equipment solutions with the Pro Attachment Series™. 16 different attachments add versatility to your equipment and expand what you can accomplish with your ECHO eFORCE™ system.

DPAS-2600SB

16 TOOLS IN ONE!

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

56V BATTERY-POWERED

The ECHO eFORCE™ Battery System provides another powerful option for professional landscapers and homeowners who demand versatility and options in power sources across their fleet of outdoor power equipment. It's simple! One battery platform for all ranges of ECHO 56V battery-powered units. ECHO eFORCE™ 2.5Ah or 5.0Ah batteries deliver 56V of dependable, long-lasting power and quickly swap from product to product. The ECHO eFORCE™ batteries feature ECHO's exclusive eCM Technology™ to maximize the battery's lifetime.

DSRM-2100

Dedicated Trimmer

The DSRM-2100 straight-shaft string trimmer delivers the quiet, convenience and performance needed to cut grass down to size in residential areas.

- Hi/Lo speed settings for optimized cutting and battery life
- Lightweight with cushioned handle grips for greater comfort
- Variable speed trigger for ultimate power control
- 2.5Ah battery and standard charger included (**DSRM-2100C1**)

BATTERIES/CHARGERS

56V 2.5Ah Battery

- Compact lithium-ion battery
- On-board charge level indicator
- eCM Technology™ provides heat, charge and discharge management
- 75 min. charge time with standard charger
- 38 min. charge time with rapid charger
- 1.0 kg.

Part#: LBP-56V125

56V Standard Charger

- On-board LED diagnostics
- Optional wall mount
- 183 cm. cord length for convenient charging

Part#: LC-56V2A

56V 5.0Ah Battery

- High-capacity lithium-ion battery
- On-board charge level indicator
- eCM Technology™ provides heat, charge and discharge management
- 150 min. charge time with standard charger
- 75 min. charge time with rapid charger
- 1.8 kg.

Part#: LBP-56V250

56V Rapid Charger

- 2X faster than standard charger
- On-board LED diagnostics
- Optional wall mount
- 183 cm. cord length for convenient charging

Part#: LC-56V4A

CHAINSaws

ECHO chainsaws are built to tackle the toughest jobs whether you're pruning limbs, cutting firewood or taking down a whole tree, each ECHO chainsaw is designed to provide long, trouble-free life. You want a chainsaw that starts easy, runs smooth, and provides years of dependable performance. In either top handle or rear handle configurations, high quality ECHO chainsaws begin with a high performance, 2-stroke engine and an ignition system that ensures fast starts and smooth operation. Comfort and control are enhanced with vibration reduction technology and grouped controls that provide easy access to all saw functions. ECHO chainsaws are certified to the highest level of useful life to ensure maximum value from your investment.

Lp = Low Profile * Solid bars, all other bars are laminated.

The part numbers listed above (e.g. **91PXL52CQ**) include a two-or three-letter code that references the chain type. See detailed descriptions below.

CHAIN TYPE: LOW-KICKBACK CHAIN

- PX** Low-vibration chisel cutters with ramped depth gauges, bumper drive links and standard sequence.
- BPX** Low-vibration chisel cutters with bumper drive links and standard sequence.

CHAIN TYPE: PROFESSIONAL CHAIN

- LPX** Round-ground chisel cutters with bumper drive links and standard sequence.

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

| 99988801805 | 8 | Spiked | 1 |

Plastic Scabbard

Fits 30 to 50 cm bars.

Part#: 99988801595 - Retail Pkg. of 1

Part#: 89850308034 - Display Box of 12

Stump Vise

Part#: 99988801808

Palm Debris Guard (optional)

Part#: 91209 - CS-355T

Part#: A127000480 - CS-2511P/T

ToughChest™ Chainsaw Cases

Does not fit CS-620PW, CS-7310P/PW, DCS-5000.

Dimensions: 58.8 cm. (L) x 30.5 cm. (W) x 31.8 cm. (H) without scabbard.

ToughChest™ - 50.8 cm. Chainsaw Case

ECHO saws up to 50.8 cm. bar.

Part#: 99988801210 - 95.9 cm. length with scabbard

ToughChest™ - 61 cm. Chainsaw Case

ECHO saws up to 61 cm. bar.

Does not fit CS-590 with 61 cm. DOAS bar

Part#: 99988801211 - 104.1 cm. length with scabbard

50.8 cm. Chainsaw Carry Bag

Dimensions: 47 cm. (L) x 30.5 cm. (W) x 29.2 cm. (H).

Length with scabbard: 93.0 cm.

Part#: 103942147

Small Chainsaw Case

Fits most small to medium-sized saws

and ECHO saws up to CS-501P with

an 45 cm bar. Length with scabbard: 86.4 cm

Dimensions: 44.5 cm. (L) x 30.5 cm. (W) x 29.2 cm. (H).

Part#: 99988801213

Chainsaw Chaps*

Expandable 76.2 cm. - 106 cm. waist. Meets

OSHA standards for leg protection.

UL classified in accordance with

ASTM F1897-2014.

Part#: 99988801300 - 91.4 cm. long, Apron design

Part#: 99988801301 - 101.6 cm. long, Apron design

Part#: 99988801302 - 91.4 cm. long, Full wrap design

Part#: 99988801303 - 101.6 cm. long, Full wrap design

Arborist Pants*

Expandable 76.2 cm. - 106.6 cm. waist. Meets

OSHA standards for leg protection.

UL classified in accordance with

ASTM F1897-2014. Length 81.3 cm.

Part#: 99988801304 (81.2 cm. - 86.3 cm. waist)

Part#: 99988801305 (91.4 cm. - 96.5 cm. waist)

Part#: 99988801306 (101.6 cm. - 106.6 cm. waist)

Part#: 99988801307 (111.7 cm. - 116.8 cm. waist)

Chainsaw Safety Kit*

Includes chainsaw safety helmet

system, safety glasses, work gloves (L),

and professional apron style leg chaps.

Length 91.4 cm.

Part#: 99988801527

Chainsaw Gloves

Features two layers of Kevlar® on the back for

cut resistance, and foam pads on the palm for

vibration reduction. 100% goatskin leather.

Part#: 99988801600 (M)

Part#: 99988801601 (L)

Part#: 99988801602 (XL)

Part#: 99988801603 (XXL)

Chainsaw Safety Helmet System

Noise reduction rating

22 dB(A) rated.

Part#: 99988801500

Replacement Parts:

Part#: 99988801501 - Harness

Part#: 99988801502 - Screen

Part#: 99988801503 - Visor Frame

Part#: 99988801504 - Ear Muffs

*ECHO recommends the use of personal protective equipment when operating ECHO power equipment.

Chainsaw chaps and pants may not provide the same level of protection with battery chainsaws as with gas chainsaws.

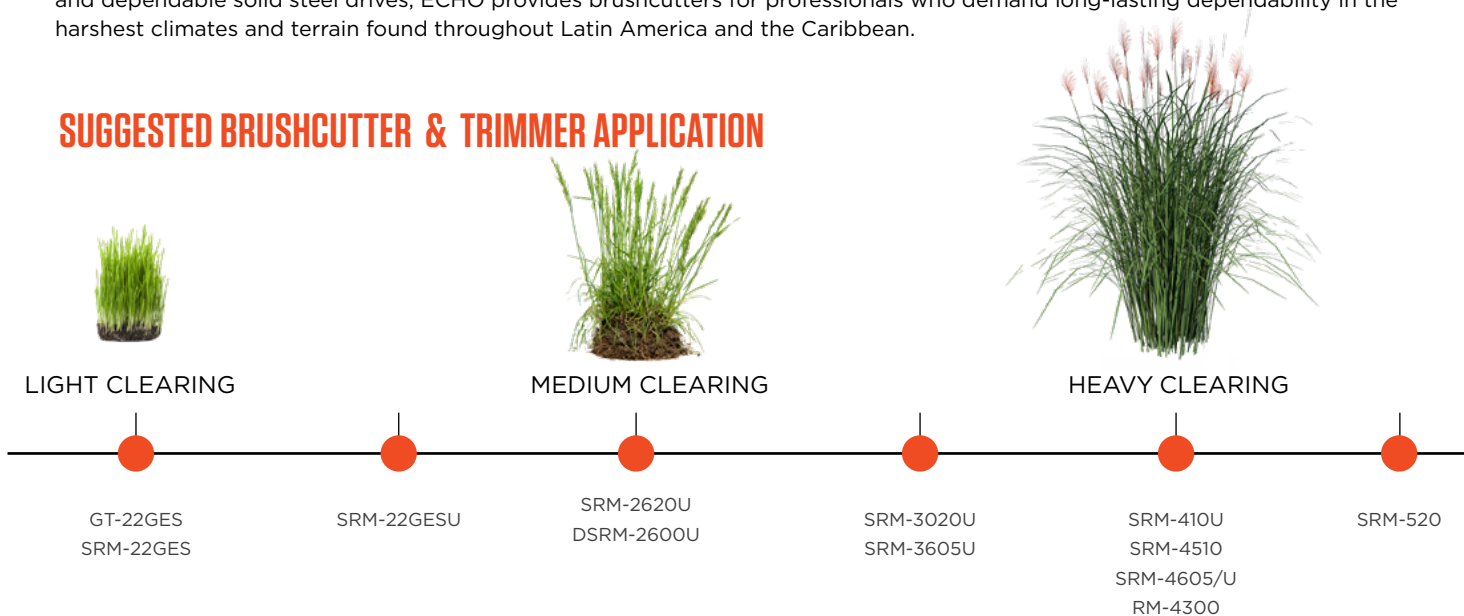

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

BRUSHCUTTERS

Feel the high performance even under tough cutting conditions. ECHO's innovative line of professional-grade brushcutters offers exceptional power, comfort and stability with best-in-class fuel economy. With long-lasting Japanese engines and sturdy and dependable solid steel drives, ECHO provides brushcutters for professionals who demand long-lasting dependability in the harshest climates and terrain found throughout Latin America and the Caribbean.

SUGGESTED BRUSHCUTTER & TRIMMER APPLICATION

SRM-22GESU

U-Handle Brushcutter

Solid performance in a lightweight and easy-to-use package.

- Ergonomic harness included
- Optional metal cutting blade or nylon-line head

| | |
|---------------------------------|---------------------|
| Engine cc..... | 21.2 |
| Weight kg (lbs.)..... | 4.8 (10.6) |
| Shaft Length cm (in.) | 152.2 (59.9) |
| Fuel Capacity L (fl. oz.) | 0.44 (14.9) |
| Cutting Swath cm (in.)..... | 43 (17) |

NEW
SRM-2620U
U-Handle Brushcutter

Featuring a quick-loading Speed-Feed® 400 trimmer head and a U-style handle with an integrated throttle lever, it minimizes fatigue and downtime.

- 1.62:1 gear reduction for fast, efficient cutting
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Offset U-handle with stop switch and throttle lock out
- Equipped for blade use (blade sold separately)

| | |
|---------------------------------|------------------------|
| Engine cc..... | 25.4 |
| Weight kg (lbs.) | 6.16 (13.6) |
| Shaft Length cm (in.) | 149.8 (59) |

SRM-266

**Straight Shaft
Trimmer**

The SRM-266 straight-shaft string trimmer is built to power through tough jobs without slowing down. A Speed-Feed® 400 trimmer head reduces string replacement time, frequency and effort, while ergonomic features make light work of long days.

- i-30™ starter reduces starting effort by 30%
- Two-stage commercial-grade air filtration for long engine life
- Tool-less, easy-access, commercial-grade felt air filter for durability

SRM-2620T

Straight Shaft Trimmer

The SRM-2620T straight-shaft string trimmer features a 2:1 gear ratio that delivers 21% higher torque than the competition, and comes with a Speed-Feed® 400 cutting head and an impressive power-to-weight ratio.

- 2:1 high-torque gear ratio to power through tough overgrown grass and weeds
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Overmolded front and rear hand grips for extreme comfort

POWER PRUNER® ACCESSORIES

99946400023

Features a heavy-duty, multi-layer cable that delivers durability and extended life while providing extra temporary reach when you need it.

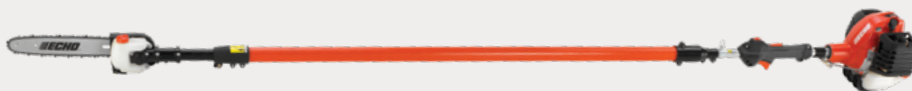

- 1.2 m (4') Extension for Power Pruner®
 - Extended reach up to 4.94 m (16' 2 in.)
 - Average reach height*: 5.84 m (230 in.)
- *Average reach height = length of unit + height of average individual*

NEW

PPT-2620H

Power Pruner

The PPT-2620H Power Pruner® pole saw with in-line handle features a telescoping shaft able to reach more than 12 feet. Its ergonomic design, two-stage air filter and larger fuel tank are made to comfortably handle long days and professional workloads.

- In-line handle with rubber grip for comfort and vibration reduction
- Shaft telescopes to over 12 feet in length
- Two-stage air filtration system increases cleaning capability and allows for longer maintenance intervals
- Automatic, adjustable oiler to match cutting conditions

LP = Low Profile

The part numbers listed above (e.g. **91PXL52CQ**) include a two-or three-letter code that references the chain type. See detailed descriptions below.

CHAIN TYPE: LOW-KICKBACK CHAIN

PX Low-vibration chisel cutters with ramped depth gauges, bumper drive links and standard sequence.

CHAIN TYPE: PROFESSIONAL CHAIN

VXL Low-vibration semi-chisel cutter with ramped depth gauges and longer top plate.

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

CUT-OFF SAW

Our powerful, yet easy-to-use CSG-7410 cut-off saw gives you exceptional cutting performance. With a class-leading high-torque drive system, you have a greater ability to cut through blocks or concrete without stalling. The CSG-7410 is easy to start thanks to a spring-assist starter, decompression valve, choke with fast idle and purge bulb.

CSG-7410

Cut-Off Saw

Includes abrasive wheel. Diamond wheel (shown) sold separately.

Easy cuts for hardscape pros. The best-in-class CSG-7410 cut-off saw features a high drive ratio for improved cutting through thick masonry blocks and dense concrete. Its durable, user-friendly design includes a four-stage air filtration system and a quick-release hose adapter.

- Class-leading high-torque drive system
- Patented 4-stage air cleaner provides the engine with clean air for long life
- Easy starting system includes reduced effort starter and decompression valve

ECHO[®] CUT-OFF SAW ACCESSORIES

Pressurized Water Tank

11.4 L. fits the CSG-7410 and most competitive cut-off saws.

Part#: 99988805000

NEW Cut-Off Saw Cart*

Designed for use with the CSG-7410 cut-off saw featuring 6-step cutting depth, 9.8 L. water tank, and easy access engine throttle for anywhere a wheeled concrete saw is needed.

Part#: CWT-7410

DUSTER/MISTERS

Don't accept substitutes. Choose professional ECHO duster/misters. ECHO motorized duster/misters spray liquid, spread powder, spread granulated chemical products and agricultural supplements in an even pattern. Duster/misters are ideal in a number of applications such as coffee plantations, banana plantations, corn fields, and many other uses where crop fertilization and pest control are essential.

MB-580

Mister blower is specially designed for superior application of liquids.

- Perfect instrument for the maintenance and care of fruit, vegetables, trees and it is suitable for all types of treatments
- Applies liquid-fog agricultural supplements
- The special fan and housing design provides better flow of chemicals
- Semi-transparent tank for controlling the level of chemicals
- Adjustable nozzle for various applications

DM-6120

Specially designed for superior application of liquids and solids.

- 10% more power than its predecessor (DM-6110)
- Applies liquid-fog and granulate agricultural supplements
- The special fan and housing design applies better flow of chemicals
- New redesigned strainer to prevent chemical spills
- Adjustable nozzle with 6-step valve for various applications

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

Leaf Guard Kit For DM-6120

Part # P021044510

Optional Handle

Part # 001106

SPRAYERS

High-pressure sprayers for various applications. When you need a heavy-duty gas-powered sprayer, ECHO is the answer. ECHO sprayers apply herbicides, pesticides, and fertilizers in a clean and even pattern - up to a distance of 6 m (20 ft). Our sprayers have been created for safe and reliable professional use.

SHP-800

High-pressure sprayer for wide use in various applications.

- Vibration-reduction system to operate without fatigue
- Double-action piston pump
- Semi-transparent tank for controlling the level of chemical products
- Standard and optional nozzles for most applications

SHP-800-2

Double wand high-pressure sprayer for twice the efficiency.

- Vibration-reduction system to operate without fatigue
- Double-action piston pump
- Semi-transparent tank for controlling the level of chemical products
- Standard and optional nozzles for most applications

GENERATORS

The ultimate combination of technology and output to deliver peace of mind and power, when and where you need it. Our lineup of inverters and generators is packed with professional convenience features that help provide easy-to-use power. Whether you're tailgating, RVing, relying on household appliances during power outages, or need to do a job where access to electricity is limited, you can count on our innovation to see you through any task.

**ECHO

EGi-1200

Inverter

The EGI-1200 generator/inverter is made to provide power on the go. Its lightweight design and quiet, efficient operation make it an ideal choice for recreational power, like at campsites, tailgates or wherever else you need to energize the outdoors.

- Ultra-quiet operation compared to conventional generators
- Auto-idle fuel-saving technology
- Computer controlled power output to safely charge electronics
- Parallel capable

| | |
|------------------------------|-----------------------------|
| Engine (cc) | 60 |
| Max. Wattage (W) | 1200 |
| Weight kg (lbs.) | 14.9 (33) |
| Max. Amp (A) | 9 |
| USB Ports | 2 |
| Fuel Capacity L (gal.) | 2.6 (0.69) |
| Run Time | 5.2 hours @ 50% Load |

EGi-2300

Inverter

The EGI-2300 generator/inverter features BlueTooth® connectivity, allowing users to monitor output and make adjustments from the ECHO Command™ app on their phones. It runs quietly and efficiently, perfect for adding power while camping, tailgating or backing up home essentials.

- BlueTooth® ECHO Command™ app integrated to monitor load, fuel level and run time
- ECHO Control® function senses and manages CO output
- Computer controlled power output to safely charge electronics
- Ultra-quiet operation compared to conventional generators

| | |
|------------------------------|-----------------------------|

EGi-3600LN **NEW**

Inverter

This low-noise generator/inverter produces ample power without the hassles associated with some generators. With ultra-quiet operation, push-button electric starts, and auto-idle fuel efficiency, it's an ideal solution for emergency home power or portable off-grid power.

- Easy electric start with recoil back up
- Auto-idle fuel-saving technology
- LED control panel displays fuel level and power usage
- Parallel capable

| | |
|------------------------------|-----------------------------|
| Engine (cc) | 212 |
| Max. Wattage (W) | 3600 |
| Weight kg (lbs.) | 48.5 (107) |
| Max. Amp (A) | 30 |
| USB Ports | 2 |
| Fuel Capacity L (gal.) | 8.3 (2.2) |
| Run Time | 8.5 hours @ 50% Load |

EGi-4000

Inverter

The efficient, easy-to-use EGi-4000 generator/inverter produces up to 4,000 watts of portable power. BlueTooth® connectivity enables adjustments through the ECHO Command™ app. It's ideal for home backup power, jobsite juice, or enjoying the great outdoors.

- BlueTooth® ECHO Command™ app integrated to monitor load, fuel level & run time
- ECHO CONTROL® function senses and manages CO output
- Automatic low oil shutdown
- Auto-idle fuel-saving technology

| | |
|------------------------------|----------------------------|
| Engine (cc) | 212 |
| Max. Wattage (W) | 4000 |
| Weight kg (lbs.) | 40.3 (89) |

| USB Ports | 2 |
| Fuel Capacity L (gal.) | 11.4 (3.0) |
| Run Time | 10 hours @ 50% Load |

EG-3500

Conventional

The EG-3500 generator combines professional features with user-friendly accessibility to power a wide range of needs. Whether you need power on the campsite, the jobsite or backup power for minor home emergencies, it simply gets the job done.

- Automatic voltage regulator to maintain constant voltage & power
- Covered outlets protect unit while storing
- Includes fuel gauge and low oil shut down
- Circuit breaker protection

| | |
|------------------------------|----------------------------|
| Engine (cc) | 212 |
| Max. Wattage (W) | 3500 |
| Weight kg (lbs.) | 50 (110) |
| Max. Amp (A) | 29 |
| Fuel Capacity L (gal.) | 15 (3.96) |
| Run Time | 10 hours @ 50% Load |

EG-10000

Conventional

The EG-10000 generator runs quietly and is capable of efficiently producing 10,000 watts, enough to power large loads like jobsites, multiple home appliances and food trucks. An automatic voltage regulator also maintains constant power.

- Automatic voltage regulator to maintain constant voltage & power
- Easy electric start with recoil back up
- Digital multimeter for easy access to critical information
- Includes fuel gauge and low oil shut down

| | |
|------------------------------|---------------------------|
| Engine (cc) | 420 |
| Max. Wattage (W) | 10,000 |
| Weight kg (lbs.) | 96.1 (212) |
| Max. Amp (A) | 33 |
| Fuel Capacity L (gal.) | 25 (6.6) |
| Run Time | 8 hours @ 50% Load |

CHIPPER/SHREDDERS

A chipper/shredder is an extremely useful machine for reducing yard debris, like downed limbs or fallen leaves, into beneficial mulch. Two reversible chipping blades and eight reversible shredding knives quickly pulverize your yard debris into 1.9 cm. pieces with the medium debris screen in place. Commercial landscapers can add chipping and shredding services to their customers for added value, while homeowners can save time and money by reusing the mulch to hold back weed growth and retain water around shrubs or flowers or to protect perennial plants over the winter.

SC-2013

Chipper/Shredder

The SC-2013 is a user-friendly chipper/shredder, capable of reducing debris and tree branches from up to 7.62 cm. thick down to 1.87 cm. pieces that are perfect for refreshing the landscaping. Available with four heavy-duty screens to choose your chip size.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades
- Includes coarse debris screen. Other discharge screens available

SC-3013

Chipper/Shredder

The SC-3013 chipper/shredder is loaded with professional power and user-friendly features to plow through tough jobs quickly. With four heavy-duty screens available, it takes debris and tree branches up to 7.62 cm. thick and reduces it to pieces as small as 1.87 cm.

- Easy-start Briggs & Stratton® OHV engine
- Flat-free tires for easy transportation
- Reversible, heat-treated chipping and shredding blades

WHEELED TRIMMERS

If you have large areas that need mowing and a traditional lawn mower is not an option, ECHO's wheeled trimmers can handle the job. They have the power to cut through dense grass and weeds with 5x the power of a handheld trimmer. The maneuverability works great in places a mower just can't go - along raised flowerbeds, retaining walls, fences and trees. Each trimmer is equipped with 0.39 cm. diameter ECHO Cross-Fire® line so it will make quick work of even the thickest grass and weeds.

WT-1610

Wheeled Trimmer

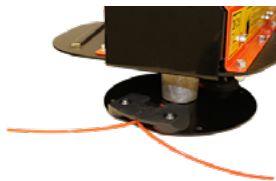

Designed to easily trim open spaces of long, dense grass.

- Easy-start Briggs & Stratton® OHV engine
- Large 38 cm. wheels for easy maneuverability
- Folding ergonomic handle design
- Removable nose piece for easy belt inspection

WHEELED TRIMMERS

WT-1610T

Wheeled Trimmer

The WT-1610T tilt wheeled trimmer meets the needs of tough jobsites. With two adjustable cutting heights and three adjustable tilt settings from 5° to 13°, it can plow through an overgrown lot one minute, then carefully shape around trees and fences the next.

- Easy-start Briggs & Stratton® OHV engine
- Large 40.6 cm. wheels for easy maneuverability
- Folding ergonomic handle design
- Tilt-n-trim feature allows the operator to efficiently cut hard to reach areas as well as around and under obstructions

FIRE PUMP

Be prepared for an emergency with ECHO's FP-2126 fire pump. This property-saver uses an existing water source, like a swimming pool or a pond, and can pump water where it's needed. The oversized 5-spoke wheels allow easy movement across uneven terrain. The durable tube steel frame provides the pump and engine with maximum protection and safe operation.

NEW FP-2126

Fire Pump

With a reliable engine and portable power able to reach a second story, the FP-2126 fire pump helps control fires until firefighters arrive. It diverts water from nearby streams, ponds, pools or shallow wells to buy valuable time when a fire breaks out in buildings, brush or wooded areas.

- Complete firefighting kit with easy to transport cart
- Honda® GX200 engine
- 5.08 cm. high-pressure water pump
- Includes 3.6 m. suction hose and 15.24 m. discharge hose

PRESSURE WASHERS

Whether you're a professional wanting to quickly clean dirty equipment, or add to your available services, or a homeowner looking to clean your deck or siding, ECHO's line of pressure washers will satisfy a wide range of needs. Make clean up fast, easy and fun to do and see immediate results watching dirt and grime get flushed away. Each model is designed to be durable and cost-effective while providing maximum productivity and convenience.

PWE-1800

Pressure Washer

With variable cleaning force up to 127 kgf/cm², the PWE-1800 provides the versatility to clean decks, sidewalks, driveways, windows, bricks, siding, car wheels and more.

- Uses 80% less water than a standard garden hose
- High quality electric motor for extended use
- Integrated hose wheel for hose storage
- Variable pressure spray & turbo nozzles to handle a variety of needs

| | |
|-------------------------------------|------------------------|

PRESSURE WASHERS

PW-3600

Pressure Washer

The PW-3600 pressure washer makes light work of difficult jobs. With the control of a pro-style wand and quiet power up to 253 kgf/cm², it ensures effortless, satisfying cleanups on tough surfaces.

- Triplex pump provides maximum strength and greater durability
- 4-stroke engine provides quiet operation
- Pro-style wand with auxiliary handle
- On-board storage for nozzles, hose and wand
- Reversible handle for easy storage

| | |
|--------------------------------------|-------------------|
| Engine (cc) | 212 |
| Max. kgf/cm ² (PSI) | 253 (3600) |
| Weight kg (lbs.) | 39 (86) |
| Max. L/min (gal/min) | 9.4 (2.5) |
| Pump | Triplex |
| Hose Length m (ft.) | 10.6 (35) |
| Number of Nozzles | 5 |

PW-4200

Pressure Washer

The PW-4200 pressure washer delivers up to 295 kgf/cm² to power through the toughest jobs. Whether removing stubborn deposits from work tools and equipment or erasing years of buildup from decks or brick siding, the PW-4200 is up to the task.

- AR Triplex pump provides maximum strength and greater durability
- Honda® GX390 engine for ultimate durability
- Pro-style wand with auxiliary handle
- Heavy-duty hose withstands the elements
- Reversible handle for easy storage

| | |
|--------------------------------------|-------------------|
| Engine (cc) | 389 |
| Max. kgf/cm ² (PSI) | 295 (4200) |
| Weight kg (lbs.) | 65.7 (145) |

BLOWERS & SHRED ‘N’ VAC®

ECHO blowers feature both the ability to move debris (m/sec) and keep it moving (m³/min); this combination of high speed and high volume air output combine to create a blower that will perform the job and be comfortable to operate. Our blowers are powerful, and easy to use, allowing for a fast collection and disposal of grass, leaves, or debris from patios, walkways, stairs, roads, parking lots, parks, recreational areas, and golf courses.

PB-252

Handheld Blower

Lightweight with outstanding handheld performance.

- Lightweight blower to facilitate maneuverability
- 3-position upper handle for different blowing conditions
- Includes round and flared pipes with Posi-loc™ for secure connection
- Noise level 73 dB(A) (using ANSI B175.2)

PRO ATTACHMENT SERIES™

The ECHO Pro Attachment Series™ (PAS) is the perfect all-in-one solution. In a word, the system delivers versatility. The application flexibility of this expandable lineup is as limitless as your changing job requirements. When your job requires a change, a simple tool-less coupler makes changing to another tool quick and easy. The PAS system is also economical without having to purchase stand-alone, dedicated units or maintain multiple engines - all you need is one power head and a collection of attachments.

PAS-266

Power Head

Powerful performance for commercial applications. The PAS-266 system works in conjunction with up to 9 different professional-quality attachments that offer unbeatable flexibility and performance.

- Versatile unit for various applications works with 9 different professional attachments
- The easy-to-use connection provides a positive link between the powerhead and its attachments
- Our split-boom design allows for easy storage and transportation
- Professional 2-stage filter for better filtration and long engine life

PAS

Speed-Feed® Trimmer

- 43 cm (17 in.) cutting swath
- Speed-Feed® 400 head
- Compatible with DPAS-2600SB & DPAS-2100SB

Part # 99944200540

Straight Shaft Edger

- Straight shaft reduces cable wear
- 20.3 cm (7.75 in.) metal blade
- Clog resistant metal shield
- Compatible with DPAS-2600SB & DPAS-2100SB

Part # 99944200475

Brushcutter

- 20.3 cm (8 in.), 80-tooth metal blade and metal shield
- Harness and barrier bar included
- Compatible with DPAS-2600SB & DPAS-2100SB

Part # 99944200601

Tiller/Cultivator

- 16 cm (6.5 in.) tilling swath
- Heavy-duty gear box with 42:1 gear reduction
- Compatible with DPAS-2600SB & DPAS-2100SB

Part # 99944200513

Hedge Trimmer

- 50 cm (20 in.) double-sided, double-reciprocating blades
- Extra heavy-duty, professional-grade gear case
- Compatible with DPAS-2600SB & DPAS-2100SB

Part # 99944200486

Power Pruner®

- 25 cm (10 in.) bar and chain
- Heavy-duty gear case
- Overall length: 8' with power source
- Compatible with DPAS-2600SB & DPAS-2100SB

Part # 99944200532

Articulating Hedge Trimmer

- 45 cm (18 in.) double-sided, double-reciprocating blades
- Gear case allows operational blade set articulation of 180° in 15° increments
- Compatible DPAS-2600SB & DPAS-2100SB

Part # 99944200596

Blower

- Solid drive shaft and axial direct drive fan
- Up to 188 KPH and 373 CFM

Part # 99944200490AB

91 Cm (3') Extension

- Works with Power Pruner®, hedge trimmer and articulating hedge trimmer attachments only

Part # 99944200536

Edger Blades

- For edging driveways, sidewalks, flower beds, and other borders.
- Standard: 2.29 mm (.090 in.) thickness
- Premium: 4.60 mm (.181 in.) thickness
- Length: 19.68 cm (7.75 in.)

Standard

EA-410

Earth Auger    

A powerful tool for digging fence post holes, planting bulbs, or trees and ice fishing.

- Designed for a wide variety of auger diameters and Lengths (sold separately see page 62)
- Heavy-duty handle and frame assembly reduces vibration for greater operator comfort
- Designed for either 1- or 2-person operation
- Drills through earth, snow and ice for year-round use

TILLER/AUGER ACCESSORIES

Tiller/Cultivator Kickstand Replacement

- TC-210
- Part #: 99988800900

ENGINE DRILL ACCESSORIES

Compatible with EDR-260 Engine Drill

- Diameter: 6.4 cm (2.5 in.) auger for bulbs and plants
- Length: 61 cm (24 in.)

Part #: 99944900011

- Diameter: 7.6 cm (3 in.) auger for bulbs and plants
- Length: 61 cm (24 in.)

Part #: 99944900021

- Diameter: 7.6 cm (3 in.) heavy-duty auger
- Length: 45 cm (18 in.)

Part #: 99944900061

- 7.8 cm (7 in.) dia. gallon pot auger
- Length: 30 cm (12 in.)

Part #: 99944900070

- Keyless chuck
- No locking tool required

Part #: 99944900320

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

CULTIVATOR/DRILL/AUGER ACCESSORIES

AUGER ACCESSORIES

Earth Augers

All augers have a 2.2 cm (7/8 in.) dia. shaft opening.

- Length: 91.4 cm (36 in.)
- Diameter: 5 cm (2 in.)
- 2.63 kg / 5.8 lbs.

Part #: 99944900150

- Length: 91.4 cm (36 in.)
- Diameter: 7.6 cm (3 in.)
- 2.95 kg / 6.5 lbs.

Part #: 99944900160

- Length: 91.4 cm (36 in.)
- Diameter: 10 cm (4 in.)
- 3.40 kg / 7.5 lbs.

Part #: 99944900170

- Length: 86.3 cm (34 in.)
- Diameter: 15 cm (6 in.)
- 5.44 kg / 12 lbs.

Part #: 99944900180

- Length: 86.3 cm (34 in.)
- Diameter: 20 cm (8 in.)
- 6.80 kg / 15 lbs.

Part #: 99944900190

- Length: 86.3 cm (34 in.)
- Diameter: 25 cm (10 in.)
- 8.16 kg / 18 lbs.

Part #: 99944900200

Earth Auger Blades And Points

- 10 cm (4 in.) Earth Auger Blade

Part #: 99944900230

- 15 cm (6 in.) Earth Auger Blade

Part #: 99944900240

- 20 cm (8 in.) Earth Auger Blade

Part #: 99944900250

- 25 cm (10 in.) Earth Auger Blade

Part #: 99944900260

- 5 cm (2 in.) Auger Replacement Point For use with 10 cm - 25 cm auger

Part #: 99944900270

Extension Shafts And Adapters

Compatible with 3 in.-10 in. / 7.6cm - 25cm earth augers.

- 30.5 cm (12 in.)
- Diameter: 2.2 cm / 7/8 in.

Part #: 99944900220

- 45.7 cm (18 in.)
- Diameter: 2.2 cm / 7/8 in.

Part #: 99944900210

- Diameter: Converts 2.2 cm. to 2.5 cm.

Part #: 99944900335

Dual-Blade Ice Augers

Feature unique dual cutting system with centering ring to redrill holes. Unique coil technology slows the impact between blade, ice or other debris.

- Diameter: 20 cm (8 in.)
- 6.35 kg / 14 lbs.

Part #: 99944900280

- Diameter: 25 cm (10 in.)
- 6.80 kg / 15 lbs.

Part #: 99944900290

Ice Auger Blades & Points

- 20 cm (8 in.) replacement blade

Part #: 99944900300

- 25 cm (10 in.) replacement blade

Part #: 99944900310

Ice Auger Point

Part #: 99944900275

HAND TOOLS

ECHO’s hand tools are the perfect complement for any yard task. Their ergonomic design will make pruning, lopping, or chopping a breeze. Quality materials like high-carbon steel or stainless steel blades and low-moisture, end-grain hickory wood handles ensure you’re getting a professional-grade tool.

HP-42

Precision Hand Snips

The HP-42 precision hand snips feature a durable, ergonomic design for performing essential pruning on plants, herbs and flowers.

- Double-beveled tapered tips for fine pruning
- Stainless steel blades resist corrosion
- Heavy-duty spring reduces hand fatigue
- Easy-to-close blade locking clasp for right- or left-handed use

| | |
|--------------------------------|-----------------------------|
| Cutting Capacity cm (in.)..... | Up to 1.27 (0.5) |
| Blade Type..... | Stainless Steel |
| Handle Grip | Non-slip Rubber Grip |

HP-43

Bypass Pruner

The HP-43 bypass pruners incorporate gear-driven technology to multiply cutting force by 3x over conventional pruners.

- Double-beveled tapered tips for fine pruning
- Stainless steel blades resist corrosion
- Heavy-duty spring reduces hand fatigue
- Low-friction, coated blades

| | |
|--------------------------------|--------------------------|
| Cutting Capacity cm (in.)..... | Up to 1.58 (0.62) |
| Blade Type..... | High carbon steel |
| Handle Grip | Rubber overmold |

HP-44

Bypass Pruner

The HP-44 bypass pruners feature an adjustable grip to match the hand size of the user and ensure comfortable cutting all day long.

- High carbon steel for superior blade durability
- Lightweight shock-absorbing handles with rubber overmolded grip
- Low friction, coated blades prevent

| | |
|--------------------------------|--------------------------|
| Cutting Capacity cm (in.)..... | Up to 2.54 (1) |
| Blade Type..... | High carbon steel |
| Handle Grip | Rubber overmold |

HP-62

Pro Bypass Pruner

Pro Series bypass pruners feature contoured handles to better match the shape of the user’s hand, providing the comfort and cutting performance needed for all-day jobs.

- High carbon steel for superior blade durability
- Lightweight shock-absorbing handles with rubber overmolded grip
- Low friction, coated blades prevent

| | |
|--------------------------------|--------------------------|
| Cutting Capacity cm (in.)..... | Up to 2.54 (1) |
| Blade Type..... | High carbon steel |
| Handle Grip | Ergonomic |

HA-2710

Anvil Lopper

Levered gear technology triples the cutting power compared to standard loppers, while coated blades reduce friction for smooth cuts and maximum productivity.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

| | |
|---------------------------|---------------------|
| Cutting Capacity cm (in.) | 5.7 (2.25) |
| Blade Type | High carbon content |
| Blade Length cm (in.) | 8.89 3.5 |
| Overall Length cm (in.) | 82.5 (32.5) |

HA-2720

Bypass Lopper

Lightweight construction and a levered gear that requires 3x less effort than standard loppers, the HA-2720 powers through tough jobs and long days with ease.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

| | |
|---------------------------|---------------------|
| Cutting Capacity cm (in.) | 5.7 (2.25) |
| Blade Type | High carbon content |
| Blade Length cm (in.) | 8.89 3.5 |
| Overall Length cm (in.) | 82.5 (32.5) |

HA-2910

Hedge Shear

With a wave blade design and geared lever technology that reduces effort when powering through thick cuts, the HA-2910 is a reliable hand tool that delivers powerful results.

- High carbon steel for superior blade durability
- Gear technology reduces cutting effort
- Low friction, coated blades prevent corrosion, while providing smooth cuts with heavy-duty aluminum alloy handles

| | |
|---------------------------|---------------------|
| Cutting Capacity cm (in.) | 9.52 (3.75) |
| Blade Type | High carbon content |
| Blade Length cm (in.) | 22.86 (9) |
| Overall Length cm (in.) | 66 (26) |

HA-1005

Splitting Wedge

The 2.26 kg. HA-1005 splitting wedge helps to split large pieces of wood faster than a maul alone. Fully sharpened with a tapered cutting edge, it stacks productivity while reducing extra effort.

- Sharpened and ready for use
- Tapered cutting edge for efficient splitting
- Striking face is intended for driving splitting wedge
- 60 degree bevel head maximizes force and splitting capability

| | |
|------------------|----------|
| Weight kg (lbs.) | 2.26 (5) |
|------------------|----------|

HA-1142

Hatchet

The HA-1142 hatchet is designed with user-friendly features and a sharp, durable blade to ensure quality cuts without added effort.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

| | |
|------------------------|----------------------|
| Weight kg (lbs.) | 0.90 (2) |
| Blade Type | High Carbon Content |
| Handle Length cm (in.) | 35.5 (14) |
| Handle Material | Low-moisture Hickory |

HA-1282

Limbing Axe

The HA-1282 limbing axe features a 1.02 kg. tempered cutting edge on the business end of an ergonomic 71.12 cm. hickory handle.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

| | |
|------------------------|----------------------|
| Weight kg (lbs.) | 1.02 (2.25) |
| Blade Type | High Carbon Content |
| Handle Length cm (in.) | 71.12 (28) |
| Handle Material | Low-moisture Hickory |

HA-1363

Felling Axe

The HA-1363 felling axe perfectly balances a 1.58 kg. factory-sharpened steel blade with an ergonomic 91.4 cm. hickory handle to deliver deep, smooth cuts with reduced binding.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

| | |
|-----------------------------|-----------------------------|
| Weight kg (lbs.)..... | 1.58 (3.5) |
| Blade Type..... | High Carbon Content |
| Handle Length cm (in.)..... | 91.4 (36) |
| Handle Material..... | Low-moisture Hickory |

HA-1366

Splitting Maul

The HA-1366 splitting maul turns tough logs into valuable firewood without added effort. The 2.72 kg. blade features a tempered, factory-sharpened cutting edge, and the low-moisture, mechanically bonded 91.4 cm. hickory handle reliably delivers stacks season after season.

- Hardened and tempered cutting edge for superior strength
- Ergonomic fawn foot handle design
- Blade shape enables deepest cuts and reduces binding

| | |
|-----------------------------|-----------------------------|
| Weight kg (lbs.)..... | 2.72 (6) |
| Blade Type..... | High Carbon Content |
| Handle Length cm (in.)..... | 91.4 (36) |
| Handle Material..... | Low-moisture Hickory |

ECHO[®] ACCESSORIES

RED ARMOR[®] BLADE CLEANER AND LUBRICANT

Get rid of what's collected along your blade. Our exclusive formula reduces friction, prevents corrosion, and promotes post-trimming plant health.

Part#: 4550012 - 0.355 L. bottle

Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for a secure fit.

Part #: 103942194 (M)

Part #: 103942196 (L)

Part #: 103942197 (XL)

Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for a secure fit.

Part #: 103942195 (M)

Part #: 103942198 (L)

Part #: 103942199 (XL)

Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

Part #: 103942074

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

SPREADERS

ECHO's lineup of professional-grade spreaders features unrivaled performance. Each model features pro-style "T" handles for comfortable operation and metal augers to keep material from seeds, fertilizer, and herbicides to ice melt flowing. Maintenance-free gear cases and durable, over-sized hoppers help to increase productivity.

RB-60

Spreader

Featuring durable construction perfect for homeowners applying fertilizer, pesticide, herbicide and grass seed.

- Factory-calibrated spread pattern provides even, accurate coverage
- Maintenance-free gear case reduces maintenance time and costs
- Foot-operated side deflector keeps material out of unwanted areas

| | |
|---------------------------|---------------------|
| Weight kg (lbs.) | 10.4 (23) |
| Tire Size cm (in.) | 25.4 (10) |
| Hopper Capacity kg (lbs.) | 27.2 (60) |
| Frame | Powder-coated Steel |

Optional hopper cover for RB-60
Part#: G401000020

RB-85

NEW

Broadcast Spreader

38.5 kg. hopper capacity, along with a heavy duty agitator, standard side deflector and a hopper grate.

- Includes hopper grate and cover
- Pro-style "T handle" places controls at fingertips
- Heavy-duty metal gears provide long-lasting durability
- Foot-operated side deflector keeps material out of unwanted areas

| | |
|---------------------------|---------------------|
| Weight kg (lbs.) | 15.8 (35) |
| Tire Size cm (in.) | 33 (13) |
| Hopper Capacity kg (lbs.) | 38.5 (85) |
| Frame | Powder-coated Steel |

RB-85S

NEW

Broadcast Spreader

The RB-85S is a stainless steel frame version of the RB-85.

- Includes hopper grate and cover
- Pro-style "T handle" places controls at fingertips
- Heavy-duty metal gears provide long-lasting durability
- Foot-operated side deflector keeps material out of unwanted areas

| | |
|---------------------------|-----------------|
| Weight kg (lbs.) | 16.7 (37) |
| Tire Size cm (in.) | 33 (13) |
| Hopper Capacity kg (lbs.) | 38.5 (85) |
| Frame | Stainless Steel |

RB-85W

NEW

Rock Salt Spreader

The RB-85W is a winter model for spreading salt, featuring a stainless steel frame, salt-specific hopper and agitator, along with a 4-sided deflector.

- Includes hopper grate and cover
- Designed specifically for winter applications
- Large hopper opening for use with bulk rock salt
- Three foot-operated side deflectors keep material out of unwanted areas

| | |
|---------------------------|-----------------|
| Weight kg (lbs.) | 17.4 (38.5) |
| Tire Size cm (in.) | 33 (13) |
| Hopper Capacity kg (lbs.) | 38.5 (85) |
| Frame | Stainless Steel |

PERSONAL PROTECTION ACCESSORIES

ECHO safety glasses are lightweight and impact-resistant. All models meet ANSI Z87.1 standard.

| Safety Glasses | Description | | Part # |
|----------------|---|--|-----------|
| Tech |  | Integrated nose piece, non-slip rubber temple tips | 102922451 |
| Tiger |  | Suspended lenses, 5-position ratcheting temple pieces, 3-position nose width | 102922455 |
| Jet |  | Rubber nose piece, removable elastic headband, anti-fog coating | 102922457 |
| Turbine |  | Non-slip rubber pads on temple tips, gray tint side lenses | 102922456 |
| Pro II |  | Multi-color tinted lens with gray frame | 102922460 |
| Traveler |  | Seamless curved lens, nose buds, length-adjustable temple pieces | 102922453 |
| Aviator |  | Anti-glare lens with anti-fog coating, 4-position ratcheting length-adjustable temple pieces | 102922458 |

Landscape Gloves

Flexible nylon with form-fitting fingers and hook and loop wrist closure for secure fit.

Part #: 103942194 (M)

Part #: 103942196 (L)

Part #: 103942197 (XL)

Vibration-reducing Landscape Gloves

Premium, padded leather palm to reduce vibration, form-fitting fingers, and hook and loop wrist closure for secure fit.

Part #: 103942195 (M)

Part #: 103942198 (L)

Part #: 103942199 (XL)

Heavy-duty Work Gloves

Features leather palms and fingers to offer durability and protection against most elements and sharp objects. One size fits most.

Part #: 103942074

Safety Shirts

Designed with moisture-wicking material for breathability and comfort to keep you cool. Reflective striping detail and high-visibility color ensures you're seen at all times. Meets ANSI/SEA 107-2010 Class 2 standards. Available in both long and short sleeves.

Part #: 99988801809 Short Sleeve (M)

Part #: 99988801810 Short Sleeve (L)

Part #: 99988801811 Short Sleeve (XL)

Part #: 99988801812 Short Sleeve (XXL)

Part #: 99988801813 Long Sleeve (M)

Part #: 99988801814 Long Sleeve (L)

Part #: 99988801815 Long Sleeve (XL)

Part #: 99988801816 Long Sleeve (XXL)

Safety Vests

Highly-visible vest features 5-point tear-away panels for safety.

Part #: 99988801400 (L)

Part #: 99988801401 (XL)

Part #: 99988801402 (XXL)

Hearing Protection

Helps reduce potentially harmful noise emissions from damaging hearing. NRR 29 dB(A) rating. Meets ANSI S3.19 standards.

Part #: 99988801520

Brushcutter System

Includes steel mesh face visor and earmuffs offering excellent face and ear protection while trimming or brushcutting. NRR 24 dB(A) rating.

Part #: 99988801510

Equipment Bag

Carryall solution for work gear and/or extra accessories to keep everything in one place. Dimensions: 60.9 cm. L x 30.4 cm. H x 27.9 cm. W

Part #: 103942145

Not all products comply with NOM-204-SCFI-2017 and may not be available for the Mexican market.

Earplugs with Case

ANSI and OSHA approved. Carrying case keeps earplugs clean and ready to go. NRR 23 dB(A) rating.

Part #: 103942210

Premium Brushcutter Harness

Features 4-point suspension system enabling easier handling and reduces weight-bearing. Padded shoulder straps for comfort with quick-release pin for safety. Max waist size: 101.6 cm.

Part #: 99944200202

Shin Guards

Lightweight with padded shins and hook and loop straps for easy on/off access. Water resistant. Fits up to 58.4 cm. calf circumference. Dimensions: 45.7 cm. H x 22.8 cm. W

Part #: 103942180

Boshi™ Convertible Scarf

Provides relief from harsh outdoor conditions such as sun, dust and heat.

Part #: 99988801000

Cooling Towel

Keeps you cool for hours. 3-layer construction absorbs sweat, stores moisture to keep you cool, and evaporates to diffuse heat.

Part #: 99988801001

Shoulder Straps

A shoulder strap helps to support the weight of a trimmer or brushcutter. Fits up to 117 cm. waist. Cross-body fit: 132 cm.

Part #: 99944200200 (SRM Models)

Part #: 99944200201 (GT Models)

Disposable Dust Mask

Provides 95% filtration, protecting lungs from small particles. NIOSH N95 approved.

Part #: 99988803002 (2 pack)

Part #: 99988803010 (10 pack)

Reusable Dust Mask

Reusable and washable with breathable mesh for cooler comfort. Provides 95% filtration.

Part #: 99988803000

Replacement Filters

Part #: 99988803005 (5 Pack)

PERFORMANCE ABOVE ALL™ **ECHO EXCLUSIVE**

The Red Armor® family is designed exclusively for ECHO to deliver the ultimate performance package for your outdoor power equipment. Red Armor's exclusive formula helps remove performance-robbing deposits with the first use and continues to work each and every time by cleaning old carbon build-up and protecting vital engine components against future damage and build-up; leaving your equipment ready for the next challenge and running at peak performance.

ECHO Red Armor Oil is a premium 2-stroke semi-synthetic engine oil formulated with powerful detergents and anti-oxidants to clean existing deposits, protect against future carbon build-up and promote longer engine life. With unique fuel stabilizers blended in, fuel stays fresh up to 2 years in a properly sealed container. JASO FD registered and ISO-L-EGD compliant. Red Armor cleans and protects to ensure optimum engine performance, and prolonged engine life.

ECHO EXCLUSIVE

RED ARMOR® BLADE CLEANER & LUBRICANT

Red Armor Blade Cleaner & Lubricant is a bio-based universal solution for professional users. The tacky lubricant dissolves resins and sap that accumulate along the blade and hinder cutting performance. The exclusive formula helps reduce blade drag and inhibits corrosion while promoting plant health after trimming.

355 ml (12 oz.)
Part # 4550012

ECHO EXCLUSIVE

RED ARMOR® PUMP GUARD

Great for protecting pressure washer pumps during storage as well as keeping pistons and seals fresh during the season for easy trouble-free start up. This next generation antifreeze and lubricant will extend the life of pressure washer pumps.

118 ml (4 fl. oz. can)
8 per case
Part # 5550004

ECHO EXCLUSIVE

RED ARMOR® LUBRICANT

Red Armor Lubricant sets a new standard in lithium-based grease. Special adhesives and tackifiers eliminate sling-off and are impervious to water. With its enhanced protection power, capability to resist shock loads, ability to seal out moisture and contamination from critical components and corrosion resistance, Red Armor Lubricant is a high-performing, dependable grease to keep parts moving and lubricated for long-lasting protection.

Tough On:

GREASE

SAP

GASOLINE

RED ARMOR® HAND SCRUB ALSO REMOVES:

Tar, grass stains, adhesives and odors including stale fuel.

Other household applications such as:

Latex paint, stubborn laundry stains, ink, scuff marks, Sharpie marks

Ideal for: Toolbox, backpack, work truck, bathroom, garage and more

Fights:

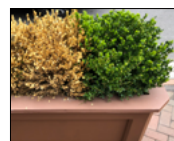

SAP

CORROSION

Ideal for: Hedge trimmers, pruners, loppers, axes, brushcutter blades

Ideal for:

GEARS

BALL BEARINGS

GEAR CASES

POWER BLEND® GOLD™

2-STROKE OIL

ECHO POWERBLEND® GOLD 2-STROKE OIL

ECHO PowerBlend Gold 2-stroke engine oil is a semi-synthetic blend that includes detergents and a fuel stabilizer to maintain fuel's quality, while the detergent assists in cleaner burning fuel and reliable performance. Both additives help to maintain a cleaner engine that helps to minimize exhaust-port blockages while protecting other vital engine components from wear and corrosion. PowerBlend Gold should be used with 89 octane or higher gasoline and mixes at 50:1 ratio. JASO FD registered and ISO-L-EGD compliant.

- Minimizes exhaust port blockages
- Protects engine against rust, wear and corrosion

| 6459007 | Bottle | 4 | 3.8 Liters | 1 Gallon |

ECHO YOU CAN MAINTENANCE KIT

YOU CAN DO IT! IT'S EASY

BE PROACTIVE. By staying on top of recommended maintenance schedules, you not only prolong the life of your ECHO equipment, but also save time and money by reducing large scale repairs often incurred by not properly maintaining equipment.

- **EXTEND THE LIFE** of your equipment.
- **REDUCE COSTLY REPAIRS** and downtime with routine maintenance.
- **SAVE MONEY** doing installation yourself. You can do it! It's easy!
- **SAVE TIME** with everything you need in one convenient package.
- **GENUINE ECHO REPLACEMENT PARTS** deliver high-performance results.

| Part Number | Description | Trimmer/Brushcutter | Sprayer |
